How L.B.J. Stole His Senate Seat

The Infamous Story Of Ballot Box 13

Where did Lyndon Johnson come from? Where did he first get his start in politics? These are 'must' questions in evaluating the character, honesty, and reliability of today's President of the U.S.A. His march to power began back in Texas in 1948 when he ran for the U. S. Senate against three time former Gov. Coke Stevenson. There was a field of 5 candidates and Gov. Stevenson won the July 24 primary, but was forced into an Aug. 28 run-off with Lyndon Johnson.

Right-Wing conservative Stevenson received 477,077 votes to Left-Wing Liberal Johnson's

The political gangster George Parr controlled 5 counties and delivered to Lyndon Johnson the fantastic majority of 10,547 to 368 votes for Gov. Stevenson. Despite all this, the White areas of Texas went for the highly respected Gov. Stevenson. Early returns had him 6,000 votes ahead of L.B.J. But the Mexican dominated area cut this lead to a thin 600 votes later that night.

At the end of the vote counting the "Texas Election Bureau" announced that Gov. Stevenson had beaten Lyndon Johnson by some 250 votes. Everyone thought the election was over - BUT NOT

FIRST PLACE! JOHNSON WAS STEALING THE ELECTION! STEVENSON RUSHES TO INVESTIGATE.

Gov. Stevenson immediately went to investigate Box 13. He knew that the lawless forces in gun-totin brush country of Southeast Texas would be out in force, Gov. Stevenson took with him Texas Ranger Capt. Frank Hamer and two newly elected County Democratic Executive Committeemen, Harry Adams and H. L. Poole. The votes had been locked up in the local bank owned by none other than the notorious George Parr. The men were

ing to throw out all the votes in Box 13, which would make Gov. Stevenson the winner by some 900 votes. But, just as the committee was meeting to take this very action, the Lyndon Johnson forces moved in and presented the Committee with a Court-Injunction issued only that morning by Judge Roy Archer (a Johnson co-hort) forbidding them from throwing out the phoney 'votes' in Box 13.

The committee, made up of Chairman Harry Adams and Secy. H. L. Poole, were served with the court order by the PRESENT Texas Governor, John Connally

Gov. Stevenson then appealed to the Federal Courts. After showing the overwhelming evidence of vote fraud to District Judge T. Whitfield Davidson, he immediately issued an order forbidding the Texas Secy. of State, Paul Brown, from printing Lyndon Johnson's name on the November General Election ballot. He issued the following tongue-lashing to Lyndon Johnson.

"There has not one word of evidence been submitted to disprove this plaintiff's claim he has been robbed of a seat in the United States Senate. This Court

405,607 votes. This was a lead of 71,460 votes over L.B.J. Most thought the race was over and the Associated press commented that, "Barring a miracle, Gov. Stevenson will be the next Senator."

Harry Truman, who was running his toughest race against Gov. Dewey, desperately needed a friend on the Nov. ballot to help him carry Texas. Truman's Democratic Party was split by the States Rights Party bolt on the right running Strom Thurmond for President, and the Progressive Party on the Left running Henry Wallace for President. Suddenly the money began to flow into Texas. Johnson named John Connally (present Gov. of Texas) as his campaign manager.

As the run off votes started rolling in, it was easy to see that hales of money had been spent in the Southeast counties, dominated by the Mexican minority bloc vote. The free beer was flowing like rivers and the fiestas were swirling around the clock. In Bexar County (San Antonio) where Johnson lost by 12,000 votes in July, he now had a 2,000 vote majority!

LYNDON JOHNSON! Johnson's political gang was still hard at work - getting out the "graveyard vote." Johnson startled the state by taking to the radio and announcing "victory." What did Johnson know that no one else knew?

THE SECRET OF BALLOT BOX 13

AFTER some recheck tabulations in Johnson controlled counties, the Gov. Stevenson lead was cut to some 213 votes. Yet, L.B.J. continued to maintain he was the winner of the election - THEN CAME THE BIG SURPRISE. A Mexican presiding election judge in Jim Wells County (one of the 5 counties run by convicted embezzler George Parr reported an oversight in his counting, (which originally reported the vote in his Box 13 as 768 for Johnson to 60 votes for Gov. Stevenson.)

Now he stated that the correct count was 967 for Johnson to 61 votes for Gov. Stevenson which made Johnson the winner by 87 votes! THE MOST FANTASTIC NEWS OF ALL WAS THAT THIS BOX 13 HAD BEEN ISSUED ONLY 600 VOTING BALLOTS IN THE

amazement to note that at the end of the long list of those who had voted (written in black ink) was an additional 200 or more names written IN ALPHABETICAL ORDER IN GREEN INK!

The men quickly memorized about 15 of the names. They made a quick check of the names, only 3 were easy to find, they were in the graveyard, the rest had moved away from the county long ago. The Secy. for the County Democratic Committee refused to allow any further study of the names and locked them back in the bank vault. This so-called Secy. was Tom Donald, an employee in the Parr Bank. Additional checking discovered that one of the so-called Johnson voters, added to the list in green ink was Hector Serda, who was located attending school at Kingsville. He denied having been in Alice county on election day. Another one, Enriquez, a young housewife denied having voted and said she was not even qualified. The search failed to yield a single name on the list who had actually voted!

The County Democratic Executive Committee called a meet-

and the former Chairman of the County Demo. Committee Clarence Marten (also a henchman of gangster George Parr.) This was the first time in the history of Texas that a County Demo. Committee was restrained from throwing out obviously rigged votes.

will appoint a Commissioner to go into Jim Wells County, procure the evidence and report back to this Court when the hearing opens."

Lyndon Johnson couldn't afford to have Box 13 opened, so he rushed an appeal before the Fed- (Continued on Page 2)

eral Court of Appeals in New Orleans. Judge J. C. Hutcheson, Jr., refused to give Johnson a restraining order. In the meantime Judge Davidson's investigator, Federal Commissioner Tom Donald arrived with subpoenas to open Box 13.

Low and behold, everyone connected with precinct Box 13 fled the state of Texas. Election Judge Luis Salas of Box 13 went to Calif., with Tom Donald (who locked Box 13 in the George Parr Bank.) Others went into hiding in Mexico. WHEN BOX 13 WAS OPENED, THE VOTES WERE GONE AND ONLY STRIPS OF NEWSPAPERS WERE FOUND?

Lyndon Johnson was desperate, he quickly had lawyer Abe Fortas carry a direct appeal to U. S. Supreme Court Justice Hugo Black. Being a part of the same gang of Democratic conspirators, Hugo Black committed another one of his long line of dastardly acts against due legal process and ordered the investigation of Box 13 halted and ordered Johnson seated as Democratic nominee for the U. S. Senate. Thus one political gangster covered up for another vile thieving snake.

This was not quite the end of it all. When Sen. Johnson arrived in Washington, the Senate Rules Committee insisted that Lyndon not be seated because he had won by vote fraud. Senate investigators were quickly ordered to Texas to size Box 13, but when they got there they discovered that the Election committee had ordered all the ballots burned. Thusly, Johnson took his seat in the U. S. Senate.

This is the story of a man who cooperated with gangsters like the notorious George Parr. (Harry Truman later rewarded Parr with an executive pardon for a federal Tax conviction case, but Parr has subsequently been convicted of a number of other charges, such as more Tax evasion, mail fraud and embezzlement.) Thus we find Lyndon, a ballot box stuffer, a conspiring fake and vote robber. God save America from a man who would go to the lengths that Johnson has gone in his naked grab for power.

Also, this is a warning of the dangerous racket, known as 'patronage' that hands out the 'gravy' to those who 'deliver,' who do the dirty work that keeps the organization in line. The Harry Trumans, Hugo Blacks, George Parrs, and the rest of their ilk, which thwarts the will of the White Christian Voting majority and substitute vote stealing and ballot (Box 13) stuffing. LYNDON JOHNSON MUST GO! VOTE TO THROW THE SCOUNDREL OUT!

Jim Wells
COUNTY, TEXAS
99th Judicial District

NOW COMES Lyndon B. Johnson, who resides in Blanco County, Texas, complaining of Coke R. Stevenson, who resides in Kimble County, Texas, Frank Hamer, who resides in Travis County, Texas, Kellis Dibrell, who resides in Bexar County, Texas, H. L. Adams Chairman of the Democratic Executive Committee of Jim Wells, County, H. L. Poole, secretary of said Jim Wells, County committee and (here follows names of 18 individual members of Committee)

Plaintiff is a resident citizen of the State of Texas, and duly qualified to hold the office of United States Senator . . . At Second Democratic primary held August 28, 1948 . . . plaintiff received a majority of the votes . . . we would show that the defendants have entered into a conspiracy for the purpose of causing the votes in Precinct No. 13 in Jim Wells County to be thrown out on the grounds of fraud and irregularity . . . thus taking from plaintiff sufficient votes to change results of election and deprive plaintiff of his seat in the United States Senate . . .

Plaintiff would show said county committee has no authority or jurisdiction to hear or determine an election contest of any kind, or to hear and pass judgment on charges of illegality or irregularity of any nature . . . but, unless restrained by an order of this Honorable court, said defendants will effect such unlawful conspiracy . . .

Plaintiff further alleges that defendants Adams and Poole, acting under threats and intimidation of defendant Stevenson, and in furtherance of said conspiracy, called a secret meeting in a private residence and declared fraudulent the returns in Precinct No. 13 . . . and best information Plaintiff has is that defendant Adams will call another meeting of said committee at any instant, unless restrained, and make a new tabulation . . .

The resident judge of Jim Wells County, resides at Alice, but he cannot be reached in sufficient time to effectuate the purpose of the writ sought in the foregoing and attached petition . . . and the urgency is such that the defendants may, and likely will, according to affiant's best information, do acts sought to be restrained before petition can be presented to resident judge . . .

WHEREFORE, plaintiff prays this court to issue its temporary restraining order without notice, enjoining defendants, and each of them from making any new tabulation, or attempting to canvass the votes in Precinct No. 13, or hearing any contest, or eliminating any votes on grounds of illegality, fraud . . . and from making, sending or filing with State Democratic Executive committee any returns showing results other than shown heretofore . . .

Jews Seek Immigration Bill Changes

PAGE 3

NSRP Stand

Will America soon be like China or India, where millions of people are crawling over themselves for lack of room? Where starvation, poverty, disease, filth, and terror are the rule of the day. The answer is YES, if American Jews have their way. The Jew Rep. Emanuel Celler has filed two bills for Lyndon Johnson before the House Judiciary Committee on Immigration.

These fantastic bills (S-747 and H.R. 7700) would more than triple the number of immigrants coming into America from 300,000 to an estimated 1,000,000 per year. At this moment there are some 196,000,000 people in America. With the natural population explosion now going on (with NO additional immigration) there will be some 372,000,000 here by the year 2000—just 36 years from now! With these new bills, we would find America vastly overcrowded, with unemployment and crime a tremendous menace. We would quickly become another China, with vast masses pushing and struggling just to walk down the streets (as is now the horrible condition in Hong Kong.)

BUT, THE WORSE PART OF THESE BILLS IS THAT THEY WOULD ABOLISH THE IMMIGRATION QUOTA SYSTEM. At the moment most Asiatic countries are allowed only 100 immigrants per year. Europe receives the vast part of the quotas. Lyndon Johnson (the stooge for the Jews) proposes we do away with all national quotas and that they be equally distributed all over the world. In other words, Negroes and Asiatics would receive the major part of the new quotas and we would soon find ourselves drowning in a vast sea of colored immigration.

Secy. of State, Dean Rusk states that "the immigration laws should be changed because they

discriminate against half of the people of the world." SO WHAT, America was not founded by half the peoples of the world. IT WAS FOUNDED, PIONEERED, DEVELOPED AND CIVILIZED BY EUROPEAN WHITE CHRISTIANS. This Great United States was not built by Chinamen, Pigmys, Negroes, but by OUR kind of people. What is wrong with wanting America to be dominated by White Christians? God save us, if these traitors in high public office are allowed to destroy our last defense against the floodgates of over population in Asia and Africa. These hordes would pour in so quickly that we would never again be able to take back control of our own land.

At this very moment, Jews and Negroes and other non-Whites are taking control of many of our major cities simply due to their vast numerical superiority? We must act quickly if we are to stop this Jewish on-slaught to flood America with people the Jews will use to destroy our White Christian way of life. Write your Congressman NOW, tell them we want to preserve the "McCarren-Walter Immigration and Nationality Act of 1952." Tell them we want the descendants of our forefathers to make up the future population of our beloved land.

Legislators sitting on Committees now considering this evil legislation are: Rep. Michael A. Feighan, Rep. Emanuel Celler, Rep. Frank Chelf, Rep. Arch A. Moore, Jr., Rep. Richard A. Poff, Sen. James O. Eastland, Sen. Olin Johnston, Sen. John L. McClellan, Sen. Everett Dirksen, and Sen. Kenneth Keating.

"Jewish organizations are on record as demanding the liberalization of the existing immigration laws."

The Jewish Stand

From Jewish
Telegraph Agency

★ MILTON FRIEDMAN

WASHINGTON — The White House is vigorously seeking Congressional action to liberalize immigration laws before adjournment.

But public opinion—including that of the Jewish community — has become somewhat indifferent since the failure of the great protests of the 1950's against the discriminatory McCarran-Walter Immigration Act.

Authorities see no cause for Jewish complacency. A changing world situation brings the possibility of the surge of thousands of Jewish refugees from trouble spots. The unpredictable Kremlin may even grant exit rights to Soviet Jewry.

President Lyndon B. Johnson is deeply concerned about the need for immigration reform. The President called for passage of an Administration bill in his State of the Union message. He urged that we get away from an irrational and irrelevant concern with the place of an immigrant's birth, and turn instead to a meaningful concern with the contribution the immigrants can make to this society.

Since then, the President has several times declared that the Administration's immigration bill, H.R. 7700, is one of the most significant measures before Congress.

President Johnson emphasized that we can properly ask of people: "What can

you do for our country?" But, he said, we should never ask: "In what country were you born?"

Attorney General Robert F. Kennedy, a champion of civil rights, testified that "Elsewhere in our national life, we have eliminated discrimination based on one's place of birth. Yet this system is still the foundation of our immigration laws." He added that the present system is inconsistent with our principles and out of step with our history. He said: "This nation was built by immigrants of courage and ability who came from many lands . . . We have benefited from the genius of Einstein, Bohr, Fermi, and thousands of others."

White House views have been made known to the reluctant chairman of the House Immigration Subcommittee, Rep. Michael A. Feighan, Ohio Democrat, who shares many of the McCarran-Walter concepts.

White House intercession has already resulted in the agreement of the House and Senate Immigration Subcommittees to hold hearings. Knowing of the President's interest, top members of his team — Kennedy, Rusk, Wirtz—testified.

Myer Feldman, Counsel to the President, also serves as personal adviser on matters of Jewish interest. Mr. Feldman has carefully followed developments on the immigration front and par-

ticipated in the initiatives emanating from the White House.

Mr. Feldman, originally a key member of the personal staff of the late President John F. Kennedy, took part in Mr. Kennedy's struggle for a fair immigration policy. Mr. Kennedy, as a Senator and as President, took a leading role in immigration matters. He considered the pending bill sound and felt that reforms it would make were urgently needed.

This measure, now before Congress, would make it easier to bring to the United States persons with special skills and attainments, that we need and want.

It would remove from our law a discriminatory system of selecting immigrants that is a standing affront to millions of our citizens and our friends abroad.

It would provide for the needs of refugees and serve our traditional policy of aiding those made homeless by catastrophe or oppression.

The Administration bill is drafted to accomplish two separate tasks: The gradual elimination of the national origins quota system and establishment of a new system for the distribution of quota numbers. These aims would be achieved over a five-year period.

Attorney General Kennedy, in his moving testimony before the House Immigration Subcommittee, said he believed "the American people really do not want the present system to continue and that the time has come to enact this bill."

Mr. Kennedy added that "it will not solve all the problems of immigration, but it will relieve those which are basic and most pressing. Furthermore, it will demonstrate for the world our dedication to individual freedom and our confidence in the future."

'Quota Systems'

All countries that have immigration problems have preferential systems designed to maintain designated racial characteristics of the population.

However, when Americans of former Northern European stock express a preference for maintaining our quota system, which favors immigrants from Northern Europe, they are accused of bigotry and prejudice, and "big city" politicians prepare bills that would amend to death our present immigration quota.

What's wrong with keeping our population as homogeneous as possible to avert a boiling-over of the melting pot? . . .

Has not the United States the privilege of accepting—or refusing—any nationality?

Knoxville Policewoman Protests Negro Behavior

Editor: The Thunderbolt

The following letter has been addressed to President Johnson: As a policewoman I was stationed at a downtown street intersection during Knoxville's Dogwood Festival Parade.

Without provocation I was mauled in the side of the head by a heavy object and within seconds I was brutally bruised, kicked, and beaten by at least 100 Negroes. My clothes were practically torn from my body. I was rescued and hospitalized.

The scars of this savage attack are still with me. But the greatest blow of all to me was to read in the newspaper at about this time that our President was picking up dogs by the ears just to hear them yelp. Sir, I do not say this in disrespect to your high position. But

it is shocking to think in the same thought about roving mobs from New York to Birmingham and San Francisco, ignoring the law and tearing uniforms from police officers . . . while our President can find time to fiddle away on such trivial dog-eared matters.

Mr. President, having been a casualty of a "non-violent" mob, I think I am qualified to suggest that unless the present administration ceases to coddle and approve these mob demonstrations, law enforcement in America will be completely broken down.

Again sir, I mean no disrespect. I wish you had time to hear of my experience in person. But in these trying times I know that other matters are more important to you.

PHARISEE: The Kazars and Pharisees a member of the sect of ancient Jews noted for strict observance of outward religious forms and ceremonies and for upholding of the traditional law. A Pharisaical self righteous or hypocritical person.

ANTI-SEMITIC: These people are continually screaming Anti-Semitic anytime they cannot push over their schemes of destroying the Christian people, whom they have always persecuted and at the

same time scream that they, the Jews, are being persecuted. These people are the biggest Anti Semites on earth. Look what they have done to the Arab people, who are a Semite race, while these so-called Jews are Asiatics and not Semites.

It was these same people who brought up the law to forbid Bible reading in our public schools, also the infamous bill called Civil Rights, which is not rights, but dictatorship.

MIXED MARRIAGES

The Religious News Service furnishes us with an article entitled "Mixed Marriages Called Threat to Survival of American Jewry." A leader of Reform Judaism warned a group in Atlantic City, New Jersey "that mixed marriages between a Jew and a non-Jew are an increasing threat to the survival of Judaism in America" and called for a comprehensive study to "combat the growing crisis and related problems."

A fund was set up to find out the economic, social, psychological and religious reasons for mixed marriages. It seems that there has been a considerable increase in the number of Jews marrying non-Jews.

We all know the concern of Jews to preserve the purity of their own ethnic group. We understand that when a Jew marries a Gentile he is declared dead by his family and cut off. Many Reform rabbis will not officiate at a mixed marriage unless the non-Jewish partner has been converted.

These strong convictions by the Jews should create an understanding among them about the fears caused by the dread of intermarriage among the races if they are mixed on a social level or in any other continuous association. In the light of their own fears we cannot understand why it is that the Jews push integration so strongly and then react in alarm when some of their own young people intermarry with other ethnic groups. The basis of the integration problem is the fear of intermarriage and a resulting mongrel race.

States Rights Party Slides Home Safe at Deadline

HELENA (AP) — Five sets of presidential electors will be on Montana ballots Nov. 3, including four electors nominated at a Wednesday deadline convention in Helena of the National States Rights party.

Another Story page 7

It was the third convention of the States Rights party in less than a month. The party's nominee for Montana's western district seat in Congress, Jack Gunderson, Butte carpenter, paid his \$225 filing fee at the office of Secretary of State Frank Murray.

Wednesday's convention was held after Murray advised party official Mike Cameron, 19, Polson, earlier in the day that certificates of nomination from conventions held at Polson July

12-13 and last Saturday were not in proper form.

The party filed a certificate in form Murray's office considered proper a few minutes before the 5 p.m. deadline for certifying third party or independent candidates to general election ballots.

Here are the presidential electors whose names will be on general election ballots, by party:

States Rights—Charles Glaze, Winifred grain elevator operator; Milton Voise, Missoula bus driver; George Scott, Polson motel operator; and Mary Gunderson, Butte housewife. They support John Kasper, Nashville, Tenn., car dealer for president and Jesse B. Stoner, Mabelton, Ga., lawyer, for vice president.

State Rights Party Picks Candidates

POLSON (UPI) — The National State Rights Party met here Sunday and Monday to choose nominees for president, vice president and congressman from Montana.

The six delegates attending selected John Kasper, a Nashville, Tenn., automobile dealer, as its presidential candidate and Jesse B. Stoner, a Mabelton, Ga., attorney, as its running mate. Named as the nominee for Montana's First Congressional District seat was Jack Gunderson, a Butte carpenter.

The national convention, said Mike Cameron, party state chairman, was originally set for Great Falls on May 31. He said the session was cancelled because of letters from opponents threatening to break up the meeting.

Butte Man to Be States Right Party Candidate

By THE ASSOCIATED PRESS

Jack Gunderson, 58, Butte carpenter, announced he has agreed to be the National States' Rights Party candidate for Congress from western Montana.

His selection was made by the party's executive committee from a field of three, State Chairman Mike Cameron announced in Polson.

Contacted in Butte, Gunderson said he had given the race careful consideration and decided to accept backing of the third party.

"It is showing growing strength in Montana," Gunderson said. "It is picking up all the time."

Gunderson said the nation "is in bad shape, in a financial mess, and we want to correct that."

He has lived in Butte 52 years. "I'm a state's righter," he said. "I believe the state and the counties both should have more authority."

Cameron said the party has been receiving donations since it announced it would run a candidate for Congress.

Segregationist Shuns Talks Seeking End To Race Woes

By DOUGLAS D. CONNAH, JR.
(Sun Staff Correspondent)

Princess Anne, Md., June 25—An outspoken segregationist leader here refused today to meet with the Princess Anne biracial commission to talk about ways to solve this town's racial problems.

An invitation from the commission was turned down by Robert S. Taylor, who says he is president of the Princess Anne chapter of the National States' Rights party, a white supremacist group with headquarters in Birmingham, Ala.

Mr. Taylor said he considered negotiations with groups like the biracial commission "just another step toward destruction of freedom in America."

"Always Loses"

"The white community always loses when it negotiates with Negro organizations," he said in a typed statement.

The National States Rights party was one of three groups whose spokesmen had been asked to meet separately with the commission this week.

Sentence Quoted

The way the biracial commission regards the outlook is probably summed up best in a sentence included in the invitations to its current meetings:

"It is becoming increasingly apparent that unless the citizens of this community can reach a just solution of their problems, within the framework of the law, the alternative may be bloodshed, destruction of property, and economic depression."

Mr. Taylor's statement today also contained a reference to bloodshed, in a prediction that the Federal civil rights bill, when passed, would be "a complete flop on the Eastern Shore of Maryland."

"The law will be defied — will lead to bloody racial violence—

and will prove to be quite unenforceable in this area," the statement said.

States Rights Party plans new picketing

MOBILE, July 13—Members of the National States Rights Party plan to renew pickets at the new Mobile Municipal Auditorium.

Mobile County Party Chairman Bob Smith of Prichard said the pickets are a "protest of the integrating of the new auditorium."

The new building opened Thursday night with a Holiday on Ice production. The facility cost more than \$10 million and has a capacity for more than 10,000 persons in the arena-auditorium and 2,000 in a separate theater-concert hall.

Smith said the pickets are part of the party's national drive for resistance against integration. Six party members attempted to picket the auditorium Friday night.

"We were a little bit disorganized," Smith said, "we weren't too familiar with the layout."

Smith said the signs carried by the picketers read, "Caution, niggers inside; paid for by whites, sold out to niggers; honor pride, fight, keep America white; communism is Jewish; Jews behind race mixing; Christians get ready for a Communist Jew takeover; and city commissioners sold out the whites."

EDWARD R. FIELDS EXHORTS STATE RIGHTS RALLY
"Waken That Sleeping Giant, the White Christian," He Says

Negroes Blasted By States Rightist

Rights Bill Satanic Piece of Legislation,
Editor of Party's Newspaper Declares

By GEORGE GILBERT, Daily News Staff Writer
"Negroes haven't gone beyond the ape stage," Edward R. Fields was saying. "They haven't earned the right to associate with white people."

The nearly 100 persons attending a rally at 820 Linden Ave. exploded into applause.

"They are a black plaque, animalistic, cannibalistic, inferior and immoral," Fields continued. "They represent the ultimate destruction of the white race."

IT WAS a rally of the National States Rights Party here. Some attending wore arm bands with the group's thunderbolt insignia.

Fields, editor of the Thunderbolt, the party's official newspaper in Birmingham, Ala., called the Civil Rights bill, passed this week by the Senate, an "evil, satanic piece of legislation."

He said senators who voted for the bill "will be held to account for their crime against their people."

FIELDS, who is 32 and from Atlanta, claims the American people are opposed to the bill and will repeal it if it becomes law.

Suit By Fields Is Settled

A \$1 million libel suit brought in circuit court here against the John Birch Society has been settled by agreement—with an apology and payment of \$1 damages plus court costs.

The action had been brought against the John Birch Society, the American Opinion Book Shop and Robert Welch Inc., by Edward R. Fields of 1509 Mims-av, sw, information officer of the National States Rights Party here.

Atty. Matt Murphy Jr., who represented Fields in the action, said yesterday the suit had been

"I asked a restaurant owner if he would serve a nigger," Fields said. "He told me he wouldn't serve any nigger, that he would tell that nigger to go to the Federal court for service..."

The National States Rights Party is growing in strength, Fields claims, and will pose a threat to the two major parties.

"WE CAN WIN at the polls with electoral votes. All we have to do is waken that sleeping giant, the white Christian."

He said the gravest threats to "our Christian constitution today are the civil rights bill, the U.S. Supreme court ruling on legislative reapportionment districting and the proposed changes in the immigration law."

THE RURAL populace, Fields said, should retain control of the national and state legislative bodies because they are largely "good Christian white folks that haven't been corrupted by big city influences."

The immigration law change, which would relax the rigid intake of immigrants "would open the flood gates to the Chinaman. China towns would spring up in every city. The average Chinaman even outbreeds the Negro."

dismissed "with prejudice" which means that it cannot be filed again. The order was signed by Judge J. Russell McElroy.

Welch disclaimed knowledge of the accusations against Fields and another States Rights worker, Robert Lyons, until after the magazine had been published and that he since had checked into the matter and found that there had been no proper basis for the statements.

He promised a retraction in the September issue of the publication.

officials of the National States' Rights Party, whose first objective is to eliminate all Jews from America. Its second objective is to get rid of Negroes.

At its convention in Louisville, Ky., this year, two banners were on display with the slogans: "Jews Are Behind Race Mixing" and "Keeping America White." A frequent pronouncement of the party is that "race mixing is a Communist-Jewish conspiracy."

The NSRP was put together in 1958 from pieces of the United White Party, the Christian Anti-Jewish Party, the Real Political Institution, The Columbians and several "outlaw" klans.

Last year the Senate fact-finding subcommittee of the California Committee on Un-American Activities branded the NSRP as "more potentially dangerous than any of the American Nazi groups."

Investigators say the party is active in 15 to 20 states.

* * *

The NSRP by comparison, and as hate groups go, has great strength. It has several wealthy backers but still is chronically short of funds. Headquarters expenses in Birmingham run between \$4,000 and \$5,000 a month.

Stoner, who for weeks has been in North Florida, has an anti-Jew, anti-Negro record that goes back to World War II.

In 1944, he petitioned the U.S. House of Representatives to pass a resolution declaring that "Jews are the children of the devil."

Two years later, in an interview with an Atlanta Constitution reporter, Stoner said "Hitler was too moderate" and he announced plans for a "more modern" third political party with a nucleus of Klansmen.

From United Press State Probers Blast Racism

TALLAHASSEE — (UPI) — The Legislature was handed a sharply critical report Friday from its Investigating Committee which charged that the National States Rights Party (NSRP) and at least two of its supporters played prominent roles in activities that led to racial violence in St. Augustine.

The report pointed to J. B. Stoner of Atlanta, the right-wing party's vice presidential candidate, and Connie Lynch, a self-proclaimed reverend who endorses the party, as principal organizers of rallies which were formed in the face of the St. Augustine civil rights movement.

The rallies, on several occasions, led to bloody violence in the nation's oldest city.

In a 15-page report to lawmakers, the committee, sometimes referred to as the "Johns Committee," said Lynch was "accomplished at whipping a crowd into a riotous condition, as evidenced in his St. Augustine Slave Market appearances." Much of the violence occurred in the city's historic Slave Market area.

The report also said that a Senate fact-finding subcommittee found the NSRP "is more potentially dangerous than any of the American Nazi groups."

"The name of the States Rights Party is being heard in many areas of Florida today," the report said. "In connection with racial violence in St. Augustine and (Ku Klux) Klan organizational activities in several areas of the state, its name has been noted and its materials have been found."

Stoner is an attorney who has many times represented the Klan or its members in court engagements.

The report said Stoner has had "a long career of association with racist organizations."

The report also said the NSRP was making an active attempt to get its ticket, led by John Kasper of Nashville, Tenn., on the Florida ballot in the November election. It has, so far, fell short of the required signatures.

"The National States Rights Party apparently believes it can muster the support of at least 7,500 Florida voters spread through at least 34 counties," the report said.

THESE are the big shots of the anti-Jewish movement operating behind the anti-Negro movement in Florida today.

There are many little shots, too, including Dewey M. Taft of Tampa, whom investigators list as state director of the NSRP.

He publishes a monthly "American Digest," which last month carried the headline "Bryant Is Liar and Betrayer." Taft claims Bryant was too easy on integrationists.

The NSRP has circulated literature, some of which was attached to the committee's report, which charged that "Jew-Communists" were behind the civil rights movement and "race mixing."

States Rights Party's Role Is Defended

A Florida Senate committee's criticisms of the activities of the National States Rights Party during recent racial troubles at St. Augustine, Fla., were answered in a statement issued here Sunday by an attorney for the group.

J. B. Stoner, who said he was here on "legal business," retaliated by charging the committee "is an integrating committee whose purpose is to silence all white opposition" to integration.

The lawyer said the Senate committee chairmaned by Sen. Robert Williams of Graceful "failed to place any blame whatever on Martin Luther King (head of the Southern Christian Leadership Conference) and the NAACP for the trouble that occurred in St. Augustine."

"They completely disregarded the public statement of the attorney Rodriguez (an NAACP attorney) of Tampa, who charged that Martin Luther King was the cause of disorders in St. Augustine," he said.

SUPREME COURT MUST GO

Drew Pearson, spokesman for the Lyndon Johnson administration recently wrote: "If Goldwater were elected the U. S. Supreme Court would be packed with Right-Wingers." What does Pearson think the Court is packed with now? Every single one of them is a LEFT-WINGER. The Right wing, which today represents the majority of the White Christian people in America, has absolutely NO VOICE at all on the U. S. Supreme Court.

A long string of Left-Wing Presidents, starting with Roosevelt have paid off political debts to Liberal, Socialist and Communist forces with a continuing number of Appointments of Un-American incompetents who do not rule by the law, but by "sociological studies" of brainwashed College Professors. The only question in the mind of the Supreme Court is: "What is good for the minorities?" "Rights of the Communists must be protected," "White people are prejudiced, those who actually express their 'bigotry' must be punished," "Whites must oblige by our 'law of the land' and Negroes must have special rights, to make up for their years of

'persecution' by the hateful Whites." THUS IS THE THINKING OF THE U. S. SUPREME COURT JUSTICES.

We White Christians have a RIGHT and a DUTY to discriminate in favor of the PRESERVATION of our own kind - THAT IS THE FIRST LAW OF NATURE AND IT IS RIGHT AND GOOD! We have a RIGHT to be prejudiced against those who would mongrelize the blood of our people with a backward, stone-age race of sub-human cannibals! THUS THE RULINGS OF THE SUPREME COURT BOIL DOWN TO A VIOLATION OF OUR WHITE MANS RIGHTS. We do not care what the final ruling of the U. S. Supreme Court on the Civil Rights Law (we know how those communist loving stooges will rule) THE CIVIL RIGHTS BILL IS UN-CONSTITUTIONAL. It actually destroys the Constitutional guarantees of Private Property and Free Enterprise.

NOT ONLY EARL WARREN NEEDS IMPEACHMENT, BUT THE ENTIRE SUPREME COURT NEEDS TO GO.

LONG LIVE THE WHITE RACE - DOWN WITH ALL OUR ENEMIES!

Correction

SEN. HICKENLOOPER AND SEN. COTTON VOTED AGAINST CIVIL RIGHTS BILL

In the last edition of The Thunderbolt, we listed Sen. Hickenlooper of Iowa and Sen. Norris Cotton of New Hampshire as having voted for the Civil Rights Bill.

The record shows that these two men voted against the Civil Rights Bill and we are happy to make this correction. Our article actually went to press just before the Bill was passed and we listed all who voted to shut off the Southern Filibuster.

The two above Senators did vote Closure and we took it for granted they would vote for the Bill. It is to their credit that in the end they voted for what is right in the face of great opposition from Race-Mixers and other assorted misguided do-gooders in their states.

Gentlemen:

I have just read the letter by Mr. Harry Bellamy in May/June Issue which I approve. But viewers of TV and readers of all biased news media can react still stronger by refusing to buy products advertised by or through such subversive media and can write the advertisers of their intentions. If enough people refuse to buy products from those who use such contemptible programs and periodicals in advertising, you would soon note a rapid swing to decency.

Letters to the editor

New Yorker Writes

EDITOR
The Thunderbolt

Dear Sirs,

We white Christian peoples are slowly but surely running out of time. I am writing this letter to your publication as a token of apology for the majority of the White Christians in the New York area. As you are aware the situation today is becoming desperate. Every day that passes more and more of our liberties are being encroached upon. Between the New York State Anti-Bias Committee and the Supreme Court of the United States the freedom and the liberty of the white Christian is being nullified in its entirety. You people as publishers of the Thunderbolt are as much aware of the situation as I am. That is why I am writing this letter, in hopes that you will publish same in your paper.

Initially, we here in New York are subject to a double standard of laws. The first and the most important encompasses the sale, rental, lease or use of our own homes, apartments or lodgings. I, the author of this letter am a home owner. My home is in a 100% Christian neighborhood. If I were to want to sell my house, for any reason, a larger home because of a growing family, a smaller home because my family has all gone and got married themselves or went to college or for any other reason which is my business and mine alone, I must and I repeat I must not discriminate against the prospective buyer because of race, creed or nationality regardless of how my neighbors feel, regardless of how I feel, my hands are tied. Further, if I were to go to a LICENSED Real Estate operator, of which I am one. His hands were tied also. He must sell to any Black savage that comes along regardless of the wishes or desires of the people who live in that area. If he does not comply, loss of license, \$1,000.00 fine and perhaps a year in jail.

Next we shall hit upon a subject that not to many of us would be interested in attaining. If I as an individual committed a crime, I am a White Christian, Scotch-

Irish ancestry, the rotten Jew judge who would adjudicate my case would 99 times out of 100 say, he's an educated man, the maximum sentence prevails. However, some black savage, he would commit a most heinous crime, i.e. rape, murder, mugging, grand assault, etc. this same pinnacle of justice would probably, in 99 cases out of 100 say, the poor fellow is a product of his environment and as such should not be held responsible for this crime, therefore this court will either suspend sentence, the minimum sentence or a small slap on the wrist with the admonition of "Go and sin no more" and if you think I am talking because of bigotry, prejudice or such you are mistaken. It happens every day here in this city. My uncle, is a captain of detectives, New York City Police Department, he has again and again stated that of all the crimes of violence committed in the City of New York for every one hundred cases seventy two (72) are committed by what is referred to as non-white, in other words, black.

In addition to my operating a real estate establishment I also operate in conjunction therewith an Insurance Agency. Through this agency I receive many negroes, who are not interested in establishing a good, sound business relationship, but who are interested in only getting insurance coverage, automobile particularly, sometimes fire and homeowners, but the majority of times only coverage by law for auto liability. These niggers have been to insurance agent after insurance agent. The pick up the coverage necessary to qualify for an FS #1 form. This FS 1 form is that registration and Financial Responsibility, to operate a car.

This nigger will establish this responsibility and get his registration plates. After this he'll not bother to pay the premium due on the policy and let it lapse for nonpayment, then he will go to another insurance agent and repeat the same procedure. This goes on ad-infinitum, but with me I don't take any of this I demand a down payment, equal to 25% of the total premium. Do you know what the first word of

there mouth is, "Man, you prejudiced 'cause I'm black." and believe it or not they have went so far as to go to the state anti-bias commission and I have been called at least 4 times for appearances all because I would not extend credit to them.

I can go on and on with the results of the Liberal take over here in New York but my purpose in this letter was to let my fellow AMERICANS in the south know, that all of us New Yorkers are not in full accord with the government we have in Washington or Albany. We are not all Kennedy's, Johnson's, Rockefeller's or any other red tied in with our government.

All I, my wife, who is in 100% agreement with me and the rest of the south and all the rest of the people here in my area who are in full accord with you fellow Americans want is that we must unite instead of being at each others throats. Please believe me when I say that all that is necessary for us to win this fight is for all of us to unite and as a team, I know, by the grace of God that we as Americans can in the long run win out over this rotten, red conspiracy.

Very Truly Yours,
C. T.

I sent the enclosed card to Patriots Mail-Order Printing as you suggested but they cannot take on the task of mailing at the present time. I am a writer and cannot, either, take on the task of mailing. I have written many very enlightening articles for Common Sense, Woman's Voice, Right, the old Virginian, etc. sometimes under my own name and sometimes, if too hot, under a nomme de plume. But I depend on others to print and distribute my writing.

Couldn't you print the enclosed card in the Thunderbolt and grant permission to patriots to have it printed in quantity and mailed to their friends? During the crucial times just ahead such cards should be sailing through the open mails in quantities.

Could you print the following as a filler in the Thunderbolt? "The pro-Communist Liberals and their Negro puppets are crying for the government to take over Mississippi. It would be much better for the country if Mississippi took over the government and trimmed out swarms of pro-Communist Liberals now holding high positions of authority in the government."

Please print the enclosed card in The Thunderbolt and many people will start mailing copies of it through the mails.

Sincerely,

P.S.

America will be free of political deception, distortion, pornography, conflict and Communism only when Communist fostering Jews and their Negro Puppets have been sent to Africa where they can INTEGRATE TO THEIR HEARTS CONTENT.

Permission is hereby granted to any Patriot to have quantities of the above printed on stamped postal cards and mail to their friends.

15 Rabbis Arrested in Florida's "Poolside Party"

ST. AUGUSTINE, Fla. (JTA)—Fifteen Reform rabbis were among 37 demonstrators arrested here last week when they sought to recite Hebrew prayers at a motel involved in a desegregation controversy. The Rev. Fred Shuttlesworth, a Negro desegregation leader, led the delegation in prayer. The rabbis came to join the Rev. Martin Luther King's desegregation drive. They came from the convention in Atlantic City of the Central Conference of American Rabbis.

The motel manager, James Brock, shoved the rabbis and abused them physically, stating "you are not going to pray here. This is private property." He hustled them into police cars with the help of police who arrested the rabbis. Four police squad cars filled with rabbis were driven to jail. With the first arrests the rabbis began reciting a Psalm, "Yet though I walk through the valley of the shadow of death..." While the rabbis were being pushed, shoved, and dragged into police cars, Negro and white demonstrators jumped into the motel's "white only" swimming pool. They were then beaten by police and arrested along with the rabbis. The rabbis were charged with conspiracy to violate state laws, trespassing and disorderly conduct.

Federal Investigation On
WASHINGTON (JTA)—The Department of Justice notified Senator Jacob K. Javits, New York Republican, that federal agents have opened a full preliminary investigation of the arrests of 15 rabbis in St. Augustine, Fla. Sen Javits requested federal intercession upon hearing of the mass arrest of the rabbis.

At St. Augustine— Police Arrest Rabbis In Racial Disorder

ST. AUGUSTINE, Fla. (AP)—A wild civil rights demonstration broke out today at a motel that has been a chief target in a desegregation drive here. Several rabbis were among the demonstrators arrested.

The rabbis were involved in a shoving incident in front of the motel and a few minutes later Negro demonstrators began jumping into the motel swimming pool. Manager James Brock retaliated by pouring a chemical into the water.

THE CHEMICAL was identi-

fied as muriatic acid, generally used as a cleaning agent.

Brock told the demonstrators to leave and when they stood their ground and started praying Brock told them: "You are not going to pray here. This is private property."

Brock then began grabbing the rabbis, who arrived here this week to join Negro leader Martin Luther King's civil rights drive, by the arms and hustling them to police cars.

AFTER FOUR carloads were arrested and carried to jail the remainder of the 71 demonstrators who came to the motel during the noon hour left the area.

The Rev. Fred Shuttlesworth, one of the leaders of the current anti-segregation campaign here, began leading the delegation in prayer as soon as they arrived at the motel.

With the first arrests the rabbis began reciting from the 23rd Psalm:

"YEA THOUGH I walk through the valley of the shadow of death..."

"Get out of here," Brock yelled, then started pushing the rabbis and others in the group toward police cars.

An Israeli Delegation In Moscow

MOSCOW (JTA)—The three members of an Israeli cultural delegation, were honored by leading Soviet musicians and cultural officials this week at a reception held in the Friendship House here, it was reported by the Novosti Press Agency. The Israelis were Zvi Haftel, an Israeli violinist; the manager of the Israeli Philharmonic Orchestra; and Eli Peleg, the national secretary of the Israeli-USSR Friendship Movement.

Among the Soviet personalities who greeted the Israeli guests were Professor Lev Ginzburg, stage director Victor Kommisarshevsky, noted pianist Prof Yakov Flier, composer Gavril Popov and leading artist of the Moscow Bolshoi Theater Vera Duldova. The Israeli guests expressed their gratitude for the reception and explained they were conducting talks in Moscow on cultural exchange programs between Israel and the Soviet Union.

"We are immensely impressed by the sincerity and warmth shown us in various state and public organizations we visited during our first three days in Moscow," the violinist said. "I'm convinced that planned mutual tours of musicians will serve the cause of strengthening contacts and friendship between the Israeli and Soviet peoples."

BELGIAN PIANO PRIZE TO YOUNG RUSSIAN JEW

BRUSSELS (WNS)—The first prize in the 1964 Queen Elisabeth International Piano Contest was won by an eighteen-year-old Jewish youth from Odessa, Russia. The winner, Eugene Moguilevsky, studied at the Moscow Conservatory after early training by his mother, who teaches at the conservatory.

Negro, Jewish Youth Hold Consultation on Civil Rights Action

ATLANTIC CITY—Joint Jewish-Negro action discussions on civil rights are being planned throughout the country as a result of consultation between Jews and Negroes of college age here this week.

The Jewish group consisted of 150 members of Atid—the college-age organization of the United Synagogue of America—which held its fourth annual convention December 22-25 under the sponsorship of the United Synagogue's Department of youth activities.

Hosts to fifty Negro young people from the St. Paul Baptist Church in Philadelphia, led by their pastor the Rev. E. Luther Cunningham, Atid members explored with their guests practical methods of dissipating stereotype images of the Negro and the Jew.

They also sought methods of combating racial and religious prejudice and serving the cause of civil rights.

Typically held views were voiced by members of both groups. Gloria Campbell, a member of the Baptist Church, said:

"When the rights of the whites have been abused, they fight; but when Negroes have been abused they are told 'no violence—the season is not yet ripe.' The Negro is not interested in being loved by the white man. That will take time. For the present all we ask are equal right and opportunities."

Speaking for Atid members, convention co-chairman Jerry Epstein of Pittsburgh said:

"The Negro problem is the white man's problem because it violates basic American freedoms and thus is everyone's concern. Our meetings here must represent only a beginning."

Laud Jewish Help Toward Civil Rights

WASHINGTON (JTA)—Jewish organizations were lauded this week by Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, for their work toward passage of the Civil Rights Act of 1964.

Mr. Wilkins said in an address before the 55th annual NAACP convention that "many hands and minds and hearts brought victory." He singled out Jewish organizations, working under the banner of the leadership conference on civil rights for special credit along with national Negro, labor, church, fraternal, and women's organizations. His speech generally stressed the cooperation of many American elements to advance the civil rights of Negroes.

Course for Teachers Of Yiddish Will Be Set Up in Warsaw

LONDON (JTA)—The Polish Ministry of Education plans to organize soon a course for teachers of Yiddish and Jewish history, it was reported here this week, from Warsaw.

The plan was the outcome of a meeting between Ferdinand Herok, Deputy Education Minister, and a delegation of the Jewish Cultural and Social Association, headed by Dr. David Stard.

A number of problems of Jewish education and Jewish cultural activities in Poland were discussed during the meeting.

The Education Ministry also undertook to provide further help for Jewish summer camps where, in addition to vacation programs, Jewish education also is provided.

The Ministry also said it would include a new building for a Jewish school in Wroclaw in a national program of 1,000 new school buildings now under way.

Labor Pickets Jews

Three Jewish social agencies were picketed again today as the American Federation of State, County and Municipal Employees pressed a three-year demand for recognition.

The picketing, at the Jewish Federation building, 590 N. Vermont Ave., was aimed at the Jewish Elg Brothers, Vocational Service and Committee for Personal Service.

The union seeks to represent over 100 social workers and office employees of the three agencies.

Sam Humeys, AFSCME Council 23 director, said the picketing could result in reduced labor support of this year's United Way Fund drive.

A County Labor Federation attempt to resolve the dispute failed. After sidetracking picket plans since last August, AFSCME Local 1108 began the demonstration yesterday.

Humeys said recognition was the sole issue. Efforts to discuss the situation with management have been futile, Humeys added.

Under the labor law, social service agencies are excluded from collective bargaining election machinery.

Humeys indicated that an air of mystery surrounded the attitude of management in the dispute.

There also were raised eyebrows in labor circles since the cream of union leaders is closely identified with the causes and activities of the Jewish Federation Council, parent group of the three agencies.

Efforts by the JFC board to persuade the agencies to deal with the union also have failed, Humeys reported.

Negroes Weary Of Tokenism

KIAMESHA LAKE, N.Y.—Negroes have taken their battle into the streets because they are utterly weary of tokenism, Arnold Forster, general counsel for the Anti-Defamation League of B'nai B'rith said here recently.

Addressing representatives of 700 B'nai B'rith units from New York, New England and Eastern Canada, Forster warned that the nation was "at the point of crisis."

"Negroes and whites are headed for violent collision unless Negro demands are quickly granted in accordance with Supreme Court decision," he said.

EXPOSED: HOW BOBBY KENNEDY

Editor's Note

We reprint on these pages two articles which are of immense interest to the Right-Wing. The exact same methods used by Katzenbach and his fellow Jews who run the U. S. Justice Dept. to get Hoffa, have been used to frame Christian Patriots. First, they launch the big press smear campaign, then they plant stoopigeons within your organization, trump up or entrap you in some situation and then get a stacked Federal Grand Jury to indict you. Just before your trial, they come up with huge smear campaigns indicating that you are some kind of horrible monster.

This indicates to potential jurors that even if you are innocent of the particular charge now facing you, you are such a "bad guy" you need to be put away from society anyway. Bobby Kennedy pulled out all stops to get Hoffa by having an article written for "Life" Magazine charging that Hoffa plotted to have himself (Bobby Kennedy) assassinated. The people are it up, and Hoffa was convicted. Besides using paid pimps, they "snow under" the jury with tons of irrelevant "evidence" so as to confuse the jurors but convince them that the mass of documents must mean you have done SOMETHING wrong. The Justice Dept., drags

the trial on and on, to impress the jurors with the 'importance' of the case.

After giving the jurors royal treatment, by wining and dining them in high prices hotels, the jurors feel they must 'produce' a guilty verdict in order to justify this great Government expense. Thus, Hoffa is found guilty, mainly due to the fact that his giant Union will not become part of the Democratic political machine. What happened to Jimmy Hoffa, could happen to anyone. We are living in a time where brute, naked power is running America. What happened to Hoffa, could happen to anyone. We must rid America of these frame-up artists and get back to straight legal procedure.

One more item: the man personally appointed by Bobby Kennedy to run the 'get Jimmy Hoffa' drive was Walter Sheridan. He is not even a lawyer, but knows all the tricks on how to frame people. The Justice Department has now sent him to Mississippi to devise new ways and means to frame and prosecute those who do not like L.B.J.'s new Civil Rights Law. I say let's put the shoe on the other foot and 'get' Lyndon and Bobby Nov. 4th by dumping them at the polls.

Investigation Coming

This time the Teamsters' Union president was convicted by a federal jury on four counts of mail and wire fraud and conspiracy in the management of union pension funds. Six co-defendants were also found guilty of the conspiracy charge and one other count.

With each count carrying a maximum jail sentence of five years, Hoffa conceivably could be sent to prison for 20 years—if the verdict stands up in the higher courts.

The "if" loomed large. A major national scandal appeared to be brewing over conduct of the trial in Chicago and an earlier trial in Chattanooga, Tenn., which concluded last March with Hoffa's conviction on jury-lampering charges.

Responding to public expressions of uneasiness, suspicion and protest, the House Committee on Judiciary has ordered an investigation of methods employed by the Justice Department in its tenacious effort to convict Hoffa.

Among matters for an investigating committee to go into were public charges by Sidney Zagri, Teamsters' Union legislative counsel, initially aired before the Republican platform committee (July 7) and since broadcast throughout the country.

Zagri's more sensational items included top secret intramural "leak" at Life magazine that Atty.

Gen. Robert F. Kennedy engineered publication of a Life spread designed to fan public opinion against Hoffa.

Confining himself to the Chattanooga trial, Zagri charged the Attorney General with:

- Violating federal laws prohibiting expenditure of government funds for payment of testimony by government witnesses.

- Violation of federal law in expending government funds and planting labor spies in the ranks of the Teamsters' Union.
- Surveillance of the defendant, his lawyers, and witnesses.
- Interference with the lawyer-client relationship by planting a spy who reported to the government the legal strategy of the defense in advance of court appearance each day.

- Illegal use of funds to supply jurors with hard liquor on a regular basis during the trial, with gifts, and with immoral women.

Zagri also submitted his charges to the House Committee on the Judiciary.

Dr. Phillip M. Kurland, of the University of Chicago Law School, submitted a letter to the same committee on June 22, which states that examination of the record of the Chattanooga trial and other material about the Hoffa persecution, including Fred Cook's expose of the trial proceedings in "The Nation" magazine, "convince me that the time has long since

come when an examination of the prosecutorial practices of the Department of Justice is not only desirable but necessary."

JAMES R. HOFFA

FRED COOK'S SENSATIONAL HOFFA STORY

"If I ever saw a frameup, the Hoffa case is it!"

"Writer Fred Cook lays it out. All Americans who believe in justice, properly and impartially administered, should read, no, I would say, study, this report of an alleged trial. . . Everything seems to be in this act—from sorcerers to stoopigeons, wired for sound and brought up to date by the most modern and expensive electronic devices the most powerful, richest state in history can use to get a man and his trade union."

"But again, study Mr. Cook's report of that Chattanooga trial and ask yourself: Is this the careful weighing of facts, the objective sifting of evidence by a court and jury unhampered by pressures or subtle forms of intimidation? Is this the application of the Bill of Rights which clothes the accused with a presumption of innocence until adjudged guilty on the facts, by a preponderance of evidence and beyond a reasonable doubt?"

"Hardly. What fairminded American can read this account of a so-called trial and come to any other conclusion but that the drive to 'get' Jim Hoffa is a frameup from the word go!"

STINKING MESS

When the United States Congress decides to take a closer look at the tactics used by the Justice Department in the Chattanooga trial of Teamster President James R. Hoffa, they had better hold their collective noses. If even one small part of the story is true, as told by famed journalist Fred J. Cook, in the April 27 issue of The Nation, then the con-

gressmen will find a stinking mess indeed.

Titled simply "The Hoffa Trial," the account, 25 pages of tight documentation raises some extremely disturbing questions, including one asked by the author: "Can jungle warfare subvert American justice?"

Many congressmen have expressed deep concern over the tactics used by Attorney-General Robert Kennedy's special "get Hoffa" unit. This included harassment, espionage, wire-tapping and photographing defendants, lawyers and witnesses—and generally making it impossible to conduct a fair trial. Representative Emanuel Celler (D-N.Y.) was named to head a special committee to examine charges that the government spied on Hoffa and his lawyers—which, from any point of view, is a violation of an American's civil rights.

JURY HIGHJINKS

Cook's article also reveals the use of labor spies, and influencing the jury by gifts, free booze and wild parties in local motels as well as other extra-curricular activities—all at the taxpayer's expense.

At the very outset Cook describes the harsh atmosphere of espionage, and the fears and anxieties that result from invasion of privacy.

On the later afternoon of February 6, 1964, Hoffa and some of his attorneys were sitting in a hotel room, concerned that their case was not going well, that a surprise witness pulled out of the hat by the government turned out to be a planted spy. But the lawyers and their client

found it almost impossible to have an ordinary conversation, to discuss the conduct of the trial. Cook writes:

SHADOWED

"Hoffa's attorneys were understandably worried. They wanted to sit down and confer with their client, but they didn't know where they could confer with some assurance of privacy."

From the very start of the trial they knew they were being shadowed, were under constant FBI surveillance, followed by mysterious cars, their telephone lines disturbed.

"Even in the privacy of Hoffa's suite, they looked over their shoulders and they hesitated to talk, even in whispers, so convinced were they that the room was bugged."

Actually, Cook reveals, and the government later admitted, the FBI had an aerie in a building across the street, and on the street had an entire fleet of innocent-looking cars equipped with radios and "phantom" aeriels. The air crackled all day with messages from car to car and look-outs to cars and vice versa as every movement of Hoffa and his attorneys was followed and recorded.

How did the Hoffa defense learn all this? By turning the tables and bugging the buggers. Bernard B. Spindel, a nationally known expert in electronic eavesdropping flew down to Chattanooga with 1000 pounds of equipment and recorded the chitchat and conversations that crackled in the air between government agents.

Incidentally, when the expert arrived at Nashville, the FBI had two agents shadowing him. How did they know he was coming? Cook says:

"Since the FBI on its word of honor never tapped a telephone during the entire course of the Hoffa trial, this demonstration of precise advance knowledge must be a clear case of forensic telepathy."

It was in this atmosphere that the last Hoffa trial took place, with the Attorney General and the government virtually admitting—that this was a "vendetta" to get on: man.

RECORD OF CRIMES

Cook declares that the entire resources of the FBI and Justice Department have been thrown "with disturbing and increasing frequency" not into trials alone, but into campaigns to insure that a defendant will be found guilty.

In this the government used every device imaginable—including a number that are clearly illegal. One of the most vicious of these devices is the planted spy. In this case he was one Edward Grady Partin—a man with a long criminal record whom the Justice Department and Life magazine have tried to convert into the figure of a hero.

But the facts are far different. Partin, a teamster official from New Orleans, Life said had had a few inconsequential brushes with the law—such as a minor domestic tangle, and a little charge of embezzling \$1600 in union funds. Life and the government agency made this face of Partin sound very trivial, and heroic.

Fred Cook unearths another face, which Life and the Justice Department could have discovered by reading a few public court records. The chances are the government had read these records and knew they had a

FRAMED JIMMY HOFFA

man who could be made useful!

Back in 1943 Partin broke into a restaurant, was caught, pleaded guilty and drew a 15-year term. He twice broke out of jail. He has a dishonorable discharge from the US Marine Corps. In Baton Rouge, La.,

he was involved in a "gun incident," a mysterious shooting. He was charged by members of his own local with embezzling union funds; the union safe and all records disappeared—and was found later, empty, in a river. He was indicted for forging a union withdrawal card to eliminate a critic. One of his severest critics was savagely beaten, another was killed when a truck "fell on him."

On June 27, 1962, Partin was indicted on 26 counts—which could have totalled 78 years in prison and a fine of \$260,000. He also was charged in a series of accident suits, of aggravated kidnapping—the story of this man's crimes is endless, it seems—and a far cry from Life magazine's "minor" charges.

GOVERNMENT PLANT

Partin was in all kinds of trouble, even losing his \$50,000 bond, when, Cook writes, "... quickly, almost magically, everything was straightened out." He obtained another bond, raised bail easily and, "On October 7, he walked out of jail. On October 8, he telephoned James R. Hoffa in Newark, N. J.—with investigators, unknown to Hoffa, recording the telephone conversation."

To make a long story short—and Cook delves into Partin's weird career of espionage against Hoffa for page after page—Partin was contacted by government agents while he was still in jail. He started his career as stoolpigeon under Justice Department tutelage in September, and by October 8 was a paid federal undercover agent.

All the calls he made to Hoffa were recorded by the government. Partin wormed his way into Hoffa's confidence, saying he was being persecuted because he was a "loyal Hoffa man." He insisted on seeing Hoffa, to explain his problems to him. And he finally became a member of the inner circle and a Hoffa bodyguard. All of this was done under government orders, and with Justice Department planning. Indeed, Cook implies that Partin was deliberately coached with the idea of spreading the idea that Hoffa was involved in jury tampering.

Now Cook writes about the probable rewards:

"What was involved in this transformation of the much-indicted Partin into the gallant spy working on the side of the angels? To this day no one has said, but it is perhaps significant, that Partin has never gone to trial. Trial dates on the 26-count Federal indictment were repeatedly set and just as repeatedly postponed. ... Then it lapsed into limbo, its status indefinite.

"Significantly, also, just at the time Partin was sprung on bail Hoffa was facing imminent trial in Nashville ... The case was to go to trial

in late October, and Partin, with all charges against him conveniently postponed, was at liberty to join his chief in Nashville."

Partin's role as planted spy was obviously masterminded all along by Justice Department experts.

"Partin arrived in Nashville on October 22, 1962. He had hardly set foot in the place before he discovered exactly what he had been sent to discover. The first jurors were not to be selected until the next day, but almost the first man he bumped into—a man whom he had never known, at that—told him of Hoffa's plans to rig the jury."

Fred Cook's muckraking exposure of governmental duplicity includes such juicy items as:

- The parade of witnesses who—almost in every case—seemed to have just enough in their background, some cloud hanging over their heads, some threatening shadow, so that they were vulnerable—unless ... or else ...!

- The admission by several witnesses that they had perjured themselves—in anti-Hoffa testimony—and were caught at it. Yet none of these have been indicted or otherwise charged with lying under oath. This would mean government suborning of perjury.

- Bribery attempts which had all the earmarks of plants—deliberate use of government agents and funds to compromise people.

- FBI agents conveniently losing notes and other material which would be useful to the defense, but unavailable, making defense materially more difficult, if not impossible.

AGENT PROVACATEUR

The defense, ironically, had a government informer who turned against Justice Department's agents as soon

as he could get free of the hook they had in him. He is one Frederick Michael Shobe, who was an ex-convict on the Justice Department's special "get-Hoffa" unit, run by agent Walter Sheridan. Shobe had an unenviable record of armed robbery, burglary, forgery, etc. When he was charged with parole violation he had been told by Sheridan that instead of going back to prison he could go to work for the anti-Hoffa unit. He did. Cook writes:

"For more than two years he ranged the country widely as an

agent provocateur—a term he himself used to describe his function—inciting riots and fomenting trouble within the Teamsters union, his conduct vouched for, his expenses and his salary paid by a grateful federal government."

Then Shobe finally worked his way out from parole, and spilled his guts to a Teamster attorney.

OUT OF SIGHT

In repeated instances, the judge in Chattanooga held hearings of points out of sight of the jury—and in Shobe's case some of the most damaging testimony indicating illegal activities by the Justice Department was never heard by the jury.

Shobe even testified that at one point he and Sheridan had discussed kidnapping a defendant, in the hope of scaring him into working for the prosecution.

The use of a planted spy as a witness led to furious legal arguments, including citation of the Judith Coplon case, which was washed out because the FBI had tapped her phone and eavesdropped on conversations with her attorneys.

A Hoffa attorney cited a Supreme Court opinion that "the fruits of the poisoned tree are not any good," and that Partin's action "taints everything this man touches."

As in other cases which have the smell of frame-up about them, the Hoffa case is loaded with witnesses who can remember the finest, smallest details about the victim, but cannot remember gross details if they work against the prosecution.

And, as Cook demonstrates repeatedly, the prosecution seemed to have an absolute psychic fix on a great deal the defense was doing—which, unless you believe in mind reading, clearly indicated wholesale wiretapping.

INFORMER'S LOOT

How about money? Bobby Kennedy's special Get-Hoffa agent, Walter Sheridan testified that he did not know of any money paid or promised to Partin. But he must have known that a memorandum existed, quoted by Cook, showing that a check for \$300 was drawn, made payable to one Frank Grimsley, Jr., attorney with the Criminal Division, which was to be cashed and given to Partin. This was done every month. But Sheridan denied this knowledge under oath. Later on Partin said he only received "expense money." An informer paid from a confidential fund.

The judge, too, showed signs of being psychic. In several instances he sustained prosecution objections to questions about Partin's past—before the government attorney even voiced an objection!

WHAT THIN LINE

Fred Cook, in conclusion asks what happens to "the thin line of justice" if such events can take place in an American courtroom? "A thin line always separates the kind of zeal that is justifiable from the ruthlessness which should form no part of the processes of justice. This line vanishes when jungle warfare invades the judicial process."

What about paid informers, electronic devices that can pick up conversations a block away, tapped phones, and the inability of a defendant to have a private conversation with his lawyer? What about the formidable investigatory powers of

the government, with vast tax-paid funds available and the ability to intimidate?

Cook concludes:

"Regardless of the outcome of Hoffa's individual case on appeal, Congress should examine the record to determine whether federal law enforcement is becoming a law unto itself."

Rep. John Rooney, (D-N.Y.), chairman of the House Appropriations Committee in charge of the budget of the FBI, is cautioning high Administration authorities against using the FBI in racial disturbances. The powerful House leader is bluntly making it clear he is strongly opposed to that. Rooney has told White House and Justice Department officials that the FBI must be employed solely for investigational purposes and not as an enforcement agency.

Jewish Testimony on "Are Jews a Nation?"

"I will give you my definition of a nation, and you can add the adjective 'Jewish.' A Nation is, in my mind, an historical group of men of a recognizable cohesion held together by a common enemy. Then, if you add to that the word 'Jewish' you have what I understand to be the Jewish nation."
—THEODOR HERN.

"Let us all recognize that we Jews are a distinct nationality of which every Jew, whatever his country, his station, or shade of belief, is necessarily a member."
—LOUIS D. BRANDEIS
Justice of the United States Supreme Court.

THIS article is designed to put the reader in possession of information regarding the Jew's own thought of himself, as regards race, religion and citizenship. In the last article we saw the thought which Jewish representatives wish to plant in Gentile minds concerning this matter. The Senate committee which was to be convinced was made up of Gentiles. The witnesses who were to do the convincing were Jews.

Senator Simon Guggenheim said: "There is no such thing as a Jewish race, because it is the Jewish religion."

Simon Wolf said: "The point we make is this * * * that Hebrew or Jewish is simply a religion."

Julian W. Mack said: "Of what possible value is it to anybody to classify them as Jews simply because they adhere to the Jewish religion?"

The object of this testimony was to have the Jews classified under various national names, such as Polish, English, German, Russian, or whatever it might be.

Now, when the inquirer turns to the authoritative Jewish spokesmen who speak not to Gentiles but to Jews about this matter, he finds an entirely different kind of testimony. Some of this testimony will now be presented.

The reader will bear in mind that, as the series is not written for entertainment but for instruction in the facts of a very vital question, the present article will be of value only to those who desire to know for themselves what are the basic elements of the matter.

It should also be observed during the reading of the following testimony that sometimes the term "race" is used, sometimes the term "nation." In every case, it is recognized that the Jew is a member of a separate people, quite aside from the consideration of his religion.

First, let us consider the testimony which forbids us to consider the term "Jew" as merely the name of a member of a religious body only.

Louis D. Brandeis, Justice of the Supreme Court of the United States and world leader of the Zionist movement, says:

"Councils of Rabbis and others have undertaken at times to prescribe by definition that only those shall be deemed Jews who professedly adhere to the orthodox or reformed faith. But in the connection in which we are considering the term, it is not in the power of any single body of Jews—or indeed of all Jews collectively—to establish the effective definition. The meaning of the word 'Jewish' in the term 'Jewish Problem' must be accepted as co-extensive with the disabilities which it is our problem to remove * * * Those disabilities extend substantially to all of Jewish blood. The disabilities do not end with a renunciation of faith, however sincere * * * Despite the meditations of pundits or the decrees of councils, our own instincts and acts, and those of others, have defined for us the term 'Jew.'" ("Zionism and the American Jews.")

The Rev. Mr. Morris Joseph, West London Synagogue of British Jews: "Israel is assuredly a great nation * * * The very word 'Israel' proves it. No mere sect or religious community could appropriately bear such a name. Israel is recognized as a nation by those who see it; no one can possibly mistake it for a mere sect. To deny Jewish nationality you must deny the existence of the Jew." ("Israel a Nation.")

Arthur D. Lewis, West London Zionist Association: "When some Jews say they consider the Jews a religious sect, like the Roman Catholics or Protestants, they are usually not correctly analyzing and describing their own feelings and attitude."

If a Jew is baptized, or, what is not necessarily the same thing, sincerely converted to Christianity, few people think of him as no longer being a Jew. His blood, temperament and spiritual peculiarities are unaltered." ("The Jews a Nation.")

Bertram B. Benas, barrister-at-law: "The Jewish

entity is essentially the entity of a People. 'Israelites,' 'Jews,' 'Hebrews'—all the terms used to denote the Jewish people bear a specifically historical meaning, and none of these terms has been convincingly superseded by one of purely sectarian nature. The external world has never completely subscribed to the view that the Jewish people constitute merely an ecclesiastical denomination. * * * ("Zionism—The National Jewish Agent.")

Leon S. Simon, brilliant and impressive Jewish scholar and writer, makes an important study of the question of "Religion and Nationality" in his volume, "Studies in Jewish Nationalism." He makes out a case for the proposition that the Religion of the Jews is Nationalism, and that Nationalism is an integral part of their Religion.

"It is often said, indeed, that Judaism has no dogmas. That statement is not true as it stands." He then states some of the dogmas, and continues—"And the Messianic Age means for the Jew not merely the establishment of peace on earth and good will to men, but the universal recognition of the Jew and his God. It is another assertion of the eternity of the nation. Dogmas such as these are not simply the articles of faith of a church, to which anybody may gain admittance by accepting them; they are the beliefs of a nation about its own past and its own future." (p. 14.)

"For Judaism has no message of salvation for the individual soul, as Christianity has; all its ideas are bound up with the existence of the Jewish nation." (p. 20.)

"The idea that Jews are a religious sect, precisely parallel to Catholics and Protestants, is nonsense." (p. 34.)

Graetz, the great historian of the Jews, whose monumental work is one of the standard authorities, says that the history of the Jews, even since they lost the Jewish State, "still possesses a national character; it is by no means merely a creed or church history. * * * Our history is far from being a mere chronicle of literary events or church history."

Moses Hess, one of the historic figures through whom the whole Jewish Program has flowed down from its ancient sources to its modern agents, wrote a book entitled "Rome and Jerusalem" in which he stated the whole matter with clearness and force.

"Jewish religion," he says, "is, above all, Jewish patriotism." (p. 61.)

"Were the Jews only followers of a certain religious denomination, like the others, then it were really inconceivable that Europe, and especially Germany, where the Jews have participated in every cultural activity, 'should spare the followers of the Israelitish confession neither pains, nor tears, nor bitterness.' The solution of the problem, however, consists in the fact that the Jews are something more than mere 'followers of a religion,' namely, they are a race brotherhood, a nation * * * (p. 71.)

Hess, like other authoritative Jewish spokesmen, denies that forsaking the faith constitutes a Jew a non-Jew. " * * * Judaism has never excluded anyone. The apostates severed themselves from the bond of Jewry. And not even then has Judaism

forsaken," added a learned rabbi in whose presence I expressed the above-quoted opinion."

"In reality, Judaism as a nationality has a natural basis which cannot be set aside by mere conversion to another faith, as is the case in other religions. A Jew belongs to his race and consequently also to Judaism, in spite of the fact that he or his ancestors have become apostates." (pp. 97-98.)

"Every Jew is, whether he wishes it or not, solidly united with the entire nation." (p. 163.)

Simply to indicate that we have not been quoting outworn opinions, but the actual beliefs of the most active and influential part of Jewry, we close this section of the testimony with excerpts from a work published in 1920 by the Zionist Organization of America, from the pen of Jessie E. Sampter:

"The name of their national religion, Judaism, is derived from their national designation. An unreligious Jew is still a Jew, and he can with difficulty escape his allegiance only by repudiating the name of Jew." ("Guide to Zionism," p. 5.)

It will be seen that none of these writers—and their number might be multiplied among both ancients and moderns—can deny that the Jew is exclusively a member of a religion without at the same time asserting that he is, whether he will or not, the member of a nation. Some go so far as to insist that his allegiance is racial in addition to being national. The term "race" is used by important Jewish scholars without reserve, while some, who hold the German-originated view that the Jews are an offshoot of the Semitic race and do not comprise that race, are satisfied with the term "nation." Biblically, in both the Old Testament and the New, the term "nation" or "people" is employed. But the consensus of Jewish opinion is this: the Jews are a separate people, marked off from other races by very distinctive characteristics, both physical and spiritual, and they have both a national history and a national aspiration.

It will be noticed how the testimony on the point of "race" combines the thought of race and nationality, just as the previous section combined the thought of nationality with religion.

Supreme Justice Brandeis, previously quoted, appears to give a racial basis to the fact of nationality.

He says: "It is no answer to this evidence of nationality to declare that the Jews are not an absolutely pure race. There has, of course, been some intermixture of foreign blood in the three thousand years which constitute our historic period. But owing to persecution and prejudice, the intermarriages with non-Jews which have occurred have resulted merely in taking away many from the Jewish community. Intermarriage has brought few additions. Therefore the percentage of foreign blood in the Jews of today is very low. Probably no important European race is as pure. But common race is only one of the elements which determine nationality."

Arthur D. Lewis, a Jewish writer, in his "The Jew a Nation," also bases nationality on the racial element.

"The Jews were originally a nation, and have retained more than most nations one of the elements of nationality—namely, the race element; this may be proved, of course, by the common sense test of their distinguishability. You can more easily see that a Jew is a Jew than that an Englishman is English."

Moses Hess is also quite clear on this point. He writes of the impossibility of Jews denying "their racial descent," and says: "Jewish noses cannot be reformed, and the black, wavy hair of the Jews will not turn through conversion into blond, nor can its curve be straightened out by constant combing. The Jewish race is one of the primary races of mankind that has retained its integrity, in spite of the continuous change of its climatic environment, and the Jewish type has conserved its purity through the centuries."

Jessie E. Sampter, in the "Guide to Zionism," recounting the history of the work done for Zionism in the United States, says: "And this burden was nobly borne, due partly to the commanding leadership of such men as Justice Louis D. Brandeis, Judge Julia W. Mack, and Rabbi Stephen S. Wise, partly to the devoted and hugal labors of the old-time faithful Zionists on the Committee, such as Jacob de Haas, Louis Lipsky, and Henrietta Szold, and partly to the aroused race consciousness of the mass of American Jews."

Four times in the brief preface to the fifth edition of "Coningsby," Disraeli uses the term "race" in referring to the Jews, and Disraeli was proud of being racially a Jew, though religiously he was a Christian.

In The Jewish Encyclopedia, "the Jewish race" is spoken of. In the preface, which is signed by Dr. Cyrus Adler as chief editor, these words occur: "A more delicate problem that presented itself at the very outset was the attitude to be observed by the Encyclopedia in regard to those Jews who, while born

Taken from the

within the Jewish community, have, for one reason or another, abandoned it. As the present work deals with the Jews as a race, it was found impossible to exclude those who were of that race, whatever their religious affiliations might have been."

But as we are not interested in ethnology, the inquiry need not be continued further along this line. The point toward which all this trends is that the Jew is conscious of himself as being more than the member of a religious body. That is, Jewry nowhere subscribes in the persons of its greatest teachers and its most authoritative representatives, to the theory that a Jew is only "a brother of the faith." Often he is not of the faith at all, but he is still a Jew. The fact is insisted upon here, not to discredit him, but to expose the double minds of those political leaders who, instead of straightforwardly meeting the Jewish Question, endeavor to turn all inquiry aside by an impressive confusion of the Gentile mind.

It may be argued by the small body of so-called "Reformed Jews" that the authorities quoted here are mostly Zionists. The reply is this: there may be, and quite possibly are, two Jewish programs in the world—one which it is intended the Gentiles should see, and one which is exclusively for the Jews. In determining which is the real Program, it is a safe course to adopt the one that is made to succeed. It is the Program sponsored by the so-called Zionists which is succeeding. It was made to succeed through the Allied Governments, through the Peace Conference, and now through the League of Nations. That, then, must be the true Jewish program, because it is hardly possible that the Gentile governments could have been led as they are being led, were they not convinced that they are obeying the behests of the real Princes of the Jews. It is all well enough to engage the plain Gentile people with one set of interesting things; the real thing is the one that has been put over. And that is the program whose sponsors also stand for the racial and national separateness of the Jews.

The idea that the Jews comprise a nation is the most common idea of all—among the Jews. Not only a nation with a past, but a nation with a future. More than that—not only a nation, but a Super-Nation.

We can go still further on the authority of Jewish statements: we can say that the future form of the Jewish Nation will be a kingdom.

And as to the present problems of the Jewish Nation, there is plenty of Jewish testimony to the fact that the influence of American life is harmful to Jewish life; that is, they are in antagonism, like two opposite ideas. This point, however, must await development in the succeeding article.

Israel Friedlaender traces the racial and national exclusiveness of the Jews from the earliest times, giving as illustrations two Biblical incidents—the Samaritans, "who were half-Jews by race and who were eager to become full Jews by religion," and their repulse by the Jews "who were eager to safeguard the racial integrity of the Jews"; also, the demand for genealogical records and for the dissolution of mixed marriages, as recorded in the Book of Ezra. Dr. Friedlaender says that in post-Biblical times "this racial exclusiveness of the Jews became even more accentuated." Entry into Judaism "never was, as in other religious communities, purely a question of faith. Proselytes were seldom solicited, and even when ultimately admitted into the Jewish fold they were so on the express condition that they surrender their racial individuality."

"For the purposes of the present inquiry," says Dr. Friedlaender, "it is enough for us to know that the Jews have always felt themselves as a separate race, sharply marked off from the rest of mankind. Anyone who denies the racial conception of Judaism on the part of the Jews in the past is either ignorant of the facts of Jewish history or intentionally misrepresents them."

Elkan N. Adler says: "No serious politician today doubts that our people have a political future."

This future of political definiteness and power was in the mind of Moses Hess when he wrote in 1862—mark the date!—in the preface of his "Rome and Jerusalem," these words:

"No nation can be indifferent to the fact that in the coming European struggle for liberty, it may have another people as its friend or foe."

Hess had just been complaining of the inequalities visited upon the Jews. He was saying that what the individual Jew could not get because he was a Jew, the Jewish Nation would be able to get because it would be a Nation. Evidently he expected that nationhood might arrive before the "coming European struggle," and he was warning the Gentile nations to be careful, because in that coming struggle there might be another nation in the list, namely, the Jewish Nation, which could be either friend or foe to any nation it chose.

Dr. J. Abelson, of Portsea College, in discussing the status of "small nations" as a result of the Great War, says: "The Jew is one of these 'smaller nations,'" and claims for the Jew what is claimed for the Pole, the Rumanian and the Serbian, and on the same ground—that of nationality.

Justice Brandeis voices the same thought. He says:

"While every other people is striving for development by asserting its nationality, and a great war is making clear the value of small nations * * * Let us make clear to the world that we too are a nationality clamoring for equal rights. * * *

Again says Justice Brandeis: "Let us all recognize that we Jews are a distinct nationality, of which every Jew, whatever his country, his station, or shade of belief, is necessarily a member."

And he concludes his article from which these quotations are made, with these words:

"Organize, organize, organize, until every Jew must stand up and be counted—counted with us, or prove himself, wittingly or unwittingly, of the few who are against their own people."

Sir Samuel Montagu, the British Jew who has been appointed governor of Palestine under the British mandate, habitually speaks of the Jewish Kingdom, usually employing the expression "the restoration of the Jewish Kingdom." It may be of significance that the native population already refer to Sir Samuel as "The King of the Jews."

Achad ha-Am, who must be regarded as the one who has most conclusively stated the Jewish Idea as it has always existed, and whose influence is not as obscure as his lack of fame among the Gentiles might indicate, is strong for the separate identity of the Jews as a super-nation. Leon Simon succinctly states the great teacher's views when he says:

"While Hebraic thought is familiar with the conception of a Superman (distinguished, of course, from Nietzsche's conception by having a very different standard of excellence), yet its most familiar and characteristic application of that conception is not to the individual but to the nation—to Israel as the Super-Nation or 'chosen people.' In fact, the Jewish nation

is presupposed in all characteristically Jewish thinking, just as it is presupposed in the teaching of the Prophets."

"In those countries," says Moses Hess, "which form a dividing line between the Occident and the Orient, namely, Russia, Poland, Prussia and Austria, there live millions of our brethren who earnestly believe in the restoration of the Jewish Kingdom and pray for it fervently in their daily services."

This article, therefore, at the risk of appearing tedious, has sought to summon from many sides and from many periods the testimony which should be taken whenever the subject of Jewish nationalism comes under discussion. Regardless of what may be said to Gentile authorities for the purpose of hindering or modifying their action, there can be no question as to what the Jew thinks of himself: He thinks of himself as belonging to a People, united to that People by ties of blood which no amount of creedal change can weaken, heir of that People's past, agent of that People's political future. He belongs to a race; he belongs to a nation; he seeks a kingdom to come on this earth, a kingdom which shall be over all kingdoms, with Jerusalem the ruling city of the world. That desire of the Jewish Nation may be fulfilled; it is the contention of these articles that it will not come by way of the Program of the Protocols nor by any of the other devious ways through which powerful Jews have chosen to work.

The charge of religious prejudice has always touched the people of civilized countries in a tender spot. Sensing this, the Jewish spokesmen chosen to deal with non-Jews have emphasized the point of religious prejudice. It is therefore a relief to tender and uninstructed minds to learn that Jewish spokesmen themselves have said that the troubles of the Jew have never arisen out of his religion, the Jew is not questioned on account of his religion, but on account of other things which his religion ought to modify. Gentiles know the truth that the Jew is not persecuted on account of his religion. All honest investigators know it. The attempt to shield the Jews under cover of their religion is, therefore, in face of the facts and of their own statements, an unworthy one.

If there were no other evidence, the very evidence which many Jewish writers cite, namely, the instant siding of the Jews one with another upon any and every occasion, would constitute evidence of racial and national solidarity. Whenever these articles have touched the International Jewish Financier, hundreds of Jews in the lower walks of life have protested. Touch a Rothschild, and the revolutionary Jew from the ghetto utters his protest, and accepts the remark as a personal affront to himself. Touch a regular old-line Jewish politician who is using a government office exclusively for the benefit of his fellow Jews as against the best interests of the nation, and the Socialist and anti-government Jew comes out in his defense. Most of these Jews, it may be said, have lost a vital touch with the teachings and ceremonials of their religion, but they indicate what their real religion is by their national solidarity.

This in itself would be interesting, but it becomes important in view of another fact, with which the next article will deal, namely, the relation between this Jewish nationalism and the nationalism of the peoples among whom the Jews dwell.

Mississippi Under Invasion

The Great and Sovereign state of Mississippi is now under Federal Occupation. The state has been flooded with hundreds of FBI agents who are now busy questioning and harrassing every active Segregationist they can find. It all started with the disappearance of two New York Jews (Goodman and Schwerner) and a Negro named Chaney.

The bodies have now been found after an alleged payment of some \$30,000. This is the first time we have ever heard of money being paid out for the location of bodies, and not for "evidence leading to a conviction." It is also reported that some \$3,000,000 of

the tax payers money has already been spent on the case. We hereby protest this extravagant waste of OUR TAX DOLLARS!

First of all, this is a state case and not a federal matter. From the looks of things, the Federal Government has taken over the protection of Civil Rights agitators sent into Mississippi by Communists and Jews operating out of New York. We seriously doubt whether or not such a mass investigation and occupation would have been undertaken if it were not for there being two Jews involved.

One of the most shocking incidences is the case of two White

men throwing a Negro out of a White theater and later being arrested by the FBI Secret Police and charged with violating his 'Civil Rights'.

They say these men could get up to 10 years under federal law, but of course, everyone knows no jury will ever convict them. But, they are harrassed by being placed under a heavy bond and put to other expenses.

THIS IS THE SECOND RECONSTRUCTION ERA FOR THE SOUTH! We are an occupied land, living under federal tyranny.

The Carpetbaggers are back again. Lyndon Johnson, the would-be dictator of America,

would mongrelize the blood of the White race in order to bag a few 'nigger votes.' Johnson is the ULTIMATE politician. There is absolutely nothing he will not do in order to win an election.

Mississippi is under invasion and the people of that courageous state are resisting under war like conditions. Hundreds of Jew Rabbis, Communists brain-washed students etc. have flooded the state and are agitating the Negroes. L. B.J. says "that is there Civil Right."

Well, then the White Christian people certainly have the Civil Right to resist and to do everything within their power to stop these enemies of the State of Miss. God help the people of Miss to keep these carpetbagging race mixers out of their good state.

CONGRESSMAN ADAM CLAYTON POWELL, AMERICA'S MOST PROMINENT NEGRO POLITICIAN, ISSUED A STATEMENT EARLY IN JUNE, 1963, SAID POWELL:

"The white man is running scared. The whites won't interfere with you. We are now in the majority in the world. The whites are afraid of us. The Negro has to learn how to fight. . . . This is a black movement. It is ridiculous for the white man to try to lead the Negro. This is OUR land. . . . We stand in the middle of the black man's revolution and make no mistake about it, this is a revolution. No black man should be anything but a fighter."

How To Spot Tapped Phones

Recently a number of right-wing conservatives in Alabama discovered their phones were tapped. Electronic "eavesdropping" has become big business in the United States. The federal government spends \$20 million dollars a year to tap people's phones, DESPITE THE FACT THAT THERE ARE BOTH STATE AND FEDERAL LAWS AGAINST IT!

For the past three years Atty. Gen. Bobby Kennedy has tried to force a bill through Congress to make wire tapping (by his unjust Dept. legal) but it has failed to pass. Congress fears that this would destroy all privacy and we would find ourselves under a tyranny where "Big Brother" would be everywhere listening to us.

In Alabama, Miss Sybil Poole, prominent member of the State Public Services Commission found one of these tiny, self-powered, short waveradios, capable of broadcasting phone conversations several blocks or miles away to a receiver, attached to her phone. These bugs, manufactured in Miami and San Francisco, cost from \$150 to \$250. Some 32 states have laws against such wire tapping and provide heavy fines and jail sentences.

HOW TO TELL IF YOUR LINE IS TAPPED

Often the electronic bug will malfunction and cause interference on your line. Miss Sybil Poole reported that her phone buzzed, even after the number had been dialed. The two other bugs discovered in the Birmingham area caused other conversations to "leak" through. In other words, the user of the bugged phone, could hear other people talking while they tried to carry on their own conversations.

Sometimes the bugs will cause interrupted dialing, or other oddities in the phone operation. A person who suspects his phone has been tapped can easily relieve his mind by asking the telephone co., to check his line. If the repairman finds a "voltage drop" on his line, it is almost certain the phone is being tapped somehow.

The Washington Post

Diagram shows one way in which a spike microphone can be used to collect evidence. The "spike" penetrates dead air space in a wall and, with the aid of headphones, officers can hear conversations next door.

Anyone suspecting his conversation is being recorded, can foul the recording by simply tapping the mouthpiece of the phone with a pencil or other objects during the conversation. The noise will magnify and blot out parts of the conversation. Similar results can be obtained by other noises in the room, such as music, a loud television or even running water. Devices for recording telephone conversations are extremely sensitive and will magnify the slightest noise.

Col. Al Lingo of the Alabama State Patrol, who is investigating these illegal taps, says all those found thus far have been in the homes of highly respected Conservative Patriots, who couldn't be involved in anything illegal.

Gov. George Wallace has also condemned the wire taps and has hinted he believes the so-called Justice Department is behind this new attempt to build a po-

lice state in America. If this is the case, the FBI would be the ones guilty of installing said taps for their race-mixing masters in Washington, D.C. We hope the criminals involved in these crimes are quickly brought to justice and prosecuted to the fullest extent of the law.

If there are any strange, or un-accounted wires leading away from your building, there may be a "spike tap" (which would pick up every sound in a room) and lead to a secret head-phone and listening operator hidden someplace nearby, out of sight.

Phone taps are usually hidden under your house, where the wires enter the wall. They can also be concealed within the wall, or flooring. It is possible to find these bugs yourself by tracing the line. Also, the phone company can tell you by checking to see if you have a voltage drop on your line, and this is the surest and best test.

'Bugs' in Birmingham home

This tiny transmitter (top photo) was found attached to the telephone wire in the home of a private citizen in Birmingham. The miniature device is transistorized, has its own power supply and measures about 2½ by 1 inches. It is tuned to a certain frequency and is capable of transmitting both ends of a telephone conversation several blocks. Photo below shows how the transmitter was installed in the Birmingham home. Someone entered the basement with a pass key, connected the device, then concealed it with insulation. This particular bug cost between \$150 and \$250.

AN ANCIENT EGYPTIAN KING KNEW THE NEGRO

EGYPT does not owe her past glories to Negro blood. In fact, the early Egyptians tried to keep out Negroes from their land, though at many times slaves and mercenaries were admitted. Usertsen III, fifth pharaoh of the 12th dynasty, set up a stele at Samnah which read as follows:

Thus is the Black. He falls down at a word of command, when attacked he runs away . . . the Blacks have no courage, they are weak and timid, their hearts are contemptible. I have seen them, I am not mistaken about them.

The stele, set up about 4,000 years ago, marked a spot beyond which Negroes were not permitted to go (page 10, *African Glory*, J. deGraft Johnson, Watts & Co., London, 1954). Negroes did on occasion reach the throne of Egypt but not so early in history that we need ascribe any great creative role to them in the shaping of that country's destiny.—R. K.

Tax Lien Names B'nai B'rith Aide

A \$19,777 tax lien against Saul Sorrin, regional director here of the Anti-Defamation league of B'nai B'rith, has been filed in federal court.

The government claims Sorrin owes withholding taxes for the fourth quarter of 1952 and the first quarter of 1954.

Sorrin, 3027 N. Hackett av., said the lien was a corporate liability that he incurred as an officer of a defunct eastern corporation many years ago. He declined to identify the corporation and the internal revenue service here did not know it.

Welch Retracts And Apologizes

**Hugo Black
Unfair To
Lester Maddox**

OPEN LETTER TO HUGO BLACK:

Dear Mr. Black:
DON'T YOU EVER COME BACK TO ALABAMA! You are not only a disgrace to the Southland, but you are the shame of Alabama. You have no friends left in this state. We are thoroughly sickened by the foul record you have established for yourself on the U. S. Supreme Court. Over and over again you have ruled FOR the U. S. Communist Party and FOR jury convicted spies and traitors. At the same time you have ruled 100% AGAINST the South and the White Christian people of America. You voted the Bible out of the schools, ordered mongrelization of our children in the schools, threw out the loyalty oaths, freed the U. S. Communist leaders, etc., etc. Over and over again Communist, criminals and other undesirables have petitioned you for 'stays' of lower court orders, in order to give them time to appeal to higher courts. This has practically been an automatic action in other cases.

Now comes one LESTER MADDOX of Atlanta, Ga., and asks that the lower federal court ordering him to integrate his restaurant under the Civil Rights Bill be stayed until he had the chance to test the Constitutionality of the new Civil Rights Law before your 'honorable' court. HOW YOU MUST HATE YOUR FELLOW WHITEMEN OF THE SOUTH, YOU HAVE VICIOUSLY AND CONTEMPTUOUSLY REJECTED MR. MADDOX'S MODEST REQUEST. Thus the respect and dignity of the High Court, has reached a new all time low.

We are sickened by your total disregard for the RIGHTS of Mr. Maddox, who is a highly respected, Patriotic White Christian American. What you have done is to kick every decent American in the face. The time has come to kick our everyone of you traitorous scoundrels on the U. S. Supreme Court.

You have worked day and night to destroy this nation by your totalitarian rulings on matters not even within your jurisdiction of your subversive court. None of you have ever been elected to your present jobs, but have been appointed by a continuous line of left-wing, pro-communist Presidents. Thus we have a packed Supreme Court, loaded with men who would destroy this nation, as founded by our freedom loving forefathers. You would turn us into a Godless Socialist state dictatorship, run by Internationalist Liberals.

Thank God for men like Lester Maddox, who have the courage to stand up for the Rights of Whites. We will win over your kind of scum yet. Yes, DON'T EVER COME BACK TO ALABAMA, or we of the National States Rights Party will picket you, boo you down, and run you back up to that Black nest of rats you infest.

You Are in Contempt of the White People of America.

Dr. Edward R. Fields.

AMERICAN OPINION

An Informal Review

Belmont 78, Massachusetts

June 22, 1964

Dr. Edward R. Fields
Mr. Robert Lyons
Birmingham, Alabama

Gentlemen:

On Pages 50 and 51 of the February 1964 issue of *American Opinion*, certain statements were made concerning each of you. The comments concerning NSRP and you two gentlemen were published without my knowledge or approval. The first I knew of them was when these statements were called to my attention by one of my assistants, after the magazine had been published.

I now have checked into the accusations and find that the contributor who wrote the article in which they appeared had no proper basis for having made them. Which means that they should never have been allowed in the pages of *American Opinion* by any of our editorial staff in the first place. Under these circumstances, of course we retract the statements; and we apologize to you and express our regrets that they were ever published. Also, we hope that this letter will undo any harm that you might have suffered by reason of this publication.

Sincerely,

Robert Welch

Editor, AMERICAN OPINION

P.S. May I ask that, in any publicity which you give this letter, you publish at least the above part in full. For what I wish to make clear and emphasize, for your sake as well as mine, is that I personally never made, approved, nor even knew about these derogatory statements concerning yourselves until after they were published. Also may I point out, in fairness to our staff -- and as something it may be to your advantage to repeat -- that in eight years of publication this is the first time any statement of "fact" in the magazine has ever been questioned by anybody. And we agree that this once was much too often. R. W.

The legal action taken by Dr. Edward R. Fields and Robert Lyons against Robert Welch and the John Birch Society has been dismissed in the courts. This action was taken after the NSRP lawyer, Matt H. Murphy worked out a peaceful settlement with Robert Welch and Birch Society lawyers. Mr. Welch has issued the statement in the letter reproduced on this page whereby he apologized and retracts for the smear which appeared in his magazine against Dr. Fields and Robert Lyons (both National States Rights Party members). This letter will also be printed in the September issue of Mr. Welch's "American Opinion" magazine.

We are very pleased with the manner in which this case was settled, because we want to spend all our energies fighting the real enemy, and not waste it fighting among ourselves. We have any number of John Birch Society members as subscribers to "The Thunderbolt" and know that they especially will be most satisfied at the congenial ending of this entire unpleasant matter. Our names and reputations have been vindicated and Mr. Robert Welch has proven he is big enough to publicly correct such a mistake.

Form New
Party**

On our recent tour of the Northeast, it was the deep pleasure of David Stanley and Dr. Edward R. Fields to spend a day at the office of the "White Party of America," in Washington, D. C. We found these young men to be dedicated idealists, and 100% loyal to the right wing. They are now holding meetings and picketings in Washington, D. C. These men were formerly with Rockwell's A.N.P., but they have realized the need for a movement with a broader appeal to the White masses. I found them sincerely interested in co-operating with other right wing groups to advance the general cause.

NSRP and WPA agreed to hold joint picketing and meetings in the future. These fine Christian Patriots want to work other Right Wing groups and oppose the smearing and bickering so prevalent in other groups. Some of the well known names in the White Party are, Karl Allen, Seth Ryan, Roy James, Bernard Davids, Eva Hoff, Floyd Fleming, J. V. Kenneth Morgan and others.

At the moment they are concentrating on organizing in the Washington, D. C., - Virginia area. Their address is, The White Party, P. O. Box 28142, Washington, D. C. 20005.

4 Jews Get 'Life' In South African Treason Trials

The Union of South Africa has recently been denounced by many nations on its recent trial of Jews and Negroes, now known as the "Rivonia Case." The facts are that these men were dedicated Communist Revolutionaries and were plotting criminal acts of sabotage and guerilla warfare designed to destroy the Republic of South Africa.

Their motto was, "Shamelessly attack the weak and shamelessly flee from the strong." These Communists contacted other Red countries and laid plans to bring in men, guns and explosives. They laid out their plans using the Castro battle plan as their procedure. Here is the background of the Jewish leaders of this Red Revolution who have been tried and given life in prison:

GOLDBERG

DENNIS GOLDBERG is a member of the Communist Party (both his parents were also members) and his job was to obtain 48,000 land mines and 210,000 hand grenades. Goldberg ran a secret military camp in the bushland for young Negro terrorists. Goldberg was called "Comrade Commandant." They studied from Guerilla Warfare books written by Fidel Castro.

BERNSTEIN

LIONEL BERNSTEIN, Communist Party member since 1939. He was a leader in organizing the National Liberation Movement which was supposed to overthrow the South African Government. Under oath, in court Bernstein admitted that he was a revolutionary and that he, like

all Communists, desired a radical change in society. The aim of the Communist Party was to overthrow the Government, by force, if necessary.

GOLDREICH

ARTHUR GOLDREICH, drew up the sabotage plans dealing with "Seven Principles of Guerilla and Sabotage Tactics." The main attacks were to be roads, bridges, buildings, arms dumps and gasoline dumps. He taught from a book which dealt with "Objects of Demolitions", "Forms of Demolition", "Uses of Demolition", "Various Types of Explosives and Firing" and "Methods of Lighting". AMONG THEIR PLANS WAS TO BOMB THE "OLD SYNAGOGUE" IN PRETORIA IN ORDER TO STIR THE PEOPLE UP AGAINST THE RIGHT WING. This was a favorite tactic used in the U.S.A. during the 1950's.

WOLPE

HAROLD WOLPE, was a junior partner in the Jewish firm of "James Kantor and Partners" which arranged for the purchase of the Rivonia property where all this plotting took place. Wolpe furnished the subversive group with a Hallicrafter radio receiver and other documents so that they could make contact with their Communist masters outside the country.

IN EVERY COUNTRY WHERE COMMUNIST SUBVERSION HAS SHOWN ITS UGLY HEAD, THE JEW HAS BEEN DISCOVERED BEHIND THE CONSPIRACY. BE IT THE HARRY GOLDS AND ROSENBERGS SPIES IN AMERICA TO THE KLAUS FUKES IN ENGLAND IT IS THE ONE AND SAME JEW!

SUBVERSION IN SOUTH AFRICA

The state of Israel has issued any number of calls for a world wide boycott against the White Supremacy nation of South Africa. They wish to destroy this last bastion of the White man on that continent.

There are some 120,000 Jews living in South Africa. It ranks eleventh in size among the Jewish communities of the world. (4% of the total White population of S. A.) As per usual they have jammed themselves into the large cities. (70,000 Jews live in the city of Johannesburg).

Half the cities Doctors are Jews, they are a very high proportion of the lawyers, stockbrokers and they are the editors of the cities 3 English newspapers. They run the entertainment and retail store business, et.

As proof of how the Jews stand, the ghetto neighborhood where most Jews reside in Johannesburg elected the only representative the extreme left-wing Liberal Progressive Party has in Parliament. This was Mrs. Helen Suzman. The first Communist ever elected to Parliament (now an outlawed party) was the Jew Sam Kahn. The two leaders of the Communist party were the Jews Arthur Goldreich and Harold Wolpe.

At the recent mass sabotage trials in Pretoria, three of the four Whites on trial were Jews. Jewish names are always very noticeable upon petitions and in other front groups fighting for racial integration in South Africa. During the period of 1951 to 1961, South Africa's Jews drained from the nation some 19.6 million dollars they contributed to Israel. And one must remember that South Africa's richest Jew is Harry Oppenheimer, who owns all the diamond mines.

This is an example of the world wide pattern of Jewish subversion. IN EVERY NATION IT IS THE JEWS WHO ARE BEHIND BOTH COMMUNISM AND RACE-MIXING.

Argentina Deputy Charges Jews

A Peronist member of the Argentine Parliament demanded an official investigation into "Zionist infiltration in Argentina." His charges received widespread publicity in the local press. The charges were made by Juan Carlos Comeje Limares.

The Deputy asserted that there was a "Zionist plot against the structure and spiritual values of our nation" and that Zionism was using all media at its disposal in an attempt to amul and injure those who try to discover the truth." He asserted that there was in Argentina a "Zionist guerilla command" and that "Zionist pressure had forced police officers to resign" and the "illegal abduction of Adolph Eichmann was proof of Haganah infiltration." He also assailed the founding of Jewish camps which teach loyalty to Israel over loyalty to Argentina. He also stated that Jews were training "in Communist practice and customs which are used in agricultural military formations in Israel called Kibbutzim" and that the Israel flag was flown over all these camps of subversion.

Communists Behind Northern Riots

Harlem Group Is Linked To Chinese Communists

By Will Lissner
New York Times news service

NEW YORK — The federal bureau of investigation and the special services squad of the New York Police Department have dossiers on the Harlem Defense Council and its sponsor, the Progressive Labor Movement. The files show the movement is a hard line left Communist group which has been the instigator of a half dozen disorderly demonstrations in the few years it has been operating.

The so-called council is a paper organization, a catch all front set up by the Progressive Labor Movement. The council is operated out of the Harlem center of the movement, called the Harlem Progressive Labor Club.

The club is housed in a loft over a store at 336 Lenox Avenue near 127th Street.

Bay Operations

The group has had other centers in Manhattan and Brooklyn. It also is functioning in Atlanta, Buffalo, San Francisco, Berkeley and Williamsport, Pa.

Local Communists charge the movement is financed by the Chinese Communists through Cuba. The movement's leaders admit an affinity with the Chinese Communists but deny any organizational affiliation.

Financing is larger than can be explained by donations but the movement is not affluent. Most heavy expenditures go for printing ideological tracts.

Grab Film

Its link to the Chinese Communist Party was disclosed on April 21st when the FBI and customs inspectors seized at a clubhouse an illegally imported propaganda film of the Communist Viet Cong in North Viet Nam.

Known leaders of the movement include:

Milton Rosen, 38 years old, chairman of the movement and its chief ideologist.

Mort Scheer, about the same age, vice chairman.

Fred Jerome, 25, editor of Progressive Labor, the move-

ment's 16 page monthly magazine.

Genevieve Clemente, chairman of the movement's Integrated Workers Club and organizer of rent strikes on the lower east side.

William Epton, Jr., 32, former electrical worker. Epton is a Negro; the other four are white.

Epton is the movement's front man in Harlem. He was born and attended school there.

Dispute Following

Epton was the group's candidate for councilman at large last year. The group claims several hundred Negro followers, with 30 block captains, but observers say they have never seen that many.

Rosen said he had been state labor secretary of the Communist Party. He was expelled in 1962 on charges of "Chinese Communist ideology."

Scheer was expelled from the Communist Party at about the same time on charges he is a representative of "the Chinese and Albanian Communist Parties."

Avowed Negro Communist William Epton, center, wearing sunglasses, linked arms with associates just before his arrest in connection with racial demonstrations in New York City.

Dr. Fields Answers Fla. Committee Smear

✓ The report of the Florida Legislature's Investigating Committee against the National States Rights Party is an insult to the legislative process and to the White people of Florida. Why doesn't Sen. Robert Williams, acting Chairman of the Committee, tell the people the names of the Committee members and which ones voted for and which ones voted against the report?

Since Sen. Williams failed to reveal the facts in his biased report, I will give you the sources of his report. Two reporters from the openly communist newspaper, "People's World," of San Francisco, furnished the so-called information to the California Senate Committee about the N.S.R.P.'s meetings in California. Sen. Williams' Committee relied on the same communist information for his smear of the N.S.R.P.

Most of the material in the report of Sen. Williams' Committee came from the files of the Jewish Anti-Defamation League of B'nai B'rith, an organization that has done more than the NAACP to force us Whites to mix with Africans.

Sen. Robert Williams and his legislative investigating committee seem to be determined to force the White people of St. Augustine and the entire state to mix with the blacks. That is why the Williams' Committee unjustly and dishonestly attacked the National States Rights Party for being on the White side in St. Augustine. The committee wishes to deprive the White people

of Florida of the opportunity of voting for the political party of their choice and to force them to choose between the two old race-mixing parties.

Why did Sen. Robert Williams and his committee fail to criticize Martin Luther King and the black mobs that ravaged St. Augustine? Why did the committee ignore the public statement by Francisco Rodriguez of Tampa, NAACP attorney, who stated that King was responsible for the trouble at St. Augustine because of his burning ambition to bring St. Augustine to her knees and to become a "super emancipator?" The Rodriguez statement was in many Florida newspapers on June 28. Sen. Williams and his committee are obviously trying to help King and the black mobs bring the Ancient City to her knees, but the white people of St. Augustine will never surrender to Sen. Williams, M. L. King and the black revolutionary mobs.

If Sen. Williams' Committee were fair, it would give a citation of honor to the N.S.R.P. and the White people of St. Augustine for their determination to never surrender to the Red-controlled black mobs and the black revolution. Sen. Williams has made his choice; he wishes to suppress the patriotic activities of the N.S.R.P. and other good White citizens and give a victory to Martin Luther King and the black revolution. The National States Rights Party stands for the White race and White Supremacy and a complete separation of the races.

Dr. Fields' Tour Report

On July 13th Dr. Edward R. Fields, Information Director of National States Rights Party left Birmingham to visit a number of Units. Three meetings which were scheduled in Maryland were cancelled due to our losing local meeting halls. Local Party officials blamed harassment of local Hall owners by state police and FBI.

We didn't have this kind of un-American activities in Penna, a very successful and enthusiastic meeting was held in Philadelphia. The Hall was packed, and Dr. Fields was very impressed by the dedicated followers he met there. We want to thank the local Party Leader Gil Pawlette for the hospitality shown us during our visit and we found his gracious wife to be a big help to him in publishing the Penna State N.S.R.P. Newsletter.

From there we spent a day and a night with Karl Allen and his new Whites Party in Wash-

ington. Plans were laid for future co-operation.

We went on to Union, N. J., to visit Catherine Roberts at Common Sense Headquarters. We held private meetings with local members and Atty. Graves, New York City legal counsel for NSRP. He has been battling the enemy on any number of fronts defending persecution cases. Bill Hoff continues to carry on under the most difficult circumstances in America's Jew Capitol.

From there we went to Kingston, N. Y., and visited James K. Warner, former Associate Editor of The Thunderbolt who is not in jail serving six months for defending his bookshop with a baseball bat from local college hoodlums. Mr. Warner is being treated well, but looks forward to freedom this December and re-entering the fight.

We learned much from our trip and looked forward to seeing all of these fine Patriots again soon.

Congratulations To Mike Cameron Of Montana

State Chairman Mike Cameron pulled out all stops in his drive to place NSRP on the Montana ballot. At the last moment Secy. of State Frank Murray brought up several minor technicalities which he claimed prevented us from qualifying for the ballot. Mr. Cameron (with only 2 days left) quickly called a second NSRP Montana Convention, right on the grounds of the State Capitol within eyesight of said Secy. of State. Surrounded by press and clicking T.V. cameramen, Cameron hammered the gavel down and opened the NSRP's second con-

vention for one and all to witness. Still there was the question of the \$225 qualifying fee for our candidate for the U. S. Congress. They would not accept his check, only cash would do. With just minutes to go before filing time, cash and papers in order, we crossed the deadline and Secy. of State Murray admitted we had met every condition he could think of.

All members must look up to Mike Cameron, only 19 years of age, for this great victory. Let his tremendous effort be an example to all NSRP members!

Washington Vote Beats Race Plan

SEATTLE, March 11 (AP)—Voters have rejected a controversial open housing ordinance that would have made racial and religious discrimination in the sale or rental of dwellings illegal.

The measure was defeated by a two-to-one margin during the city's general election. The vote was 112,448 against to 53,453.

The defeat halted, at least temporarily, two years of activity against housing discrimination.

Dr. Fields Observes Castro Agent In N. Y.

While on my recent speaking tour in the East I had the occasion to observe first hand a left-wing meeting featuring a man just returned from Communist Cuba. While visiting the New York NSRP Unit, I learned that a Jew, David Dellinger, just back from Cuba, would speak on his "enlightenment" after visiting Cuba. The lecture was made in the hall of the "Militant Labor Forum" owned by the extreme Left-Wing group on July 17.

First I would like to relate my observations of this totally un-American meeting. The speaker stood before us, without coat or tie - perhaps representing the rabble, or the revolutionist. There was no American flag, or pledge of allegiance given, and of course no opening prayer. I was interested in the make up of this crowd. I would guess that 75% of the approximately 300 people attending were young college age, in their twenties. I was also surprised to see only two Negroes in the audience.

David Dellinger was introduced with this curious background, which was supposed to impress the left wing crowd. Dellinger was a leader in the Quebec to New York Peace Walk, he spent 3 1/3 months in Cuba in 1960, was an organizer for the communist Fair Play For Cuba Committee. He was on the "Monroe, North Carolina Committee" which defended Robert Williams, the Negro revolutionist who fled to Cuba after being sought on a warrant charging him with kidnapping two white people. He is also on the "Student-Non-Violent Co-ordinating Committee."

Dellinger started out by telling the youths that "I fell in love with the Cuban Revolution while visiting there." He told how it reminded him of his days in Spain in 1939 when Communists tried but failed to take over the Christian country. He called the Cuban revolution: "Dynamic human brotherhood in action". Over and over again he claimed that 90% of the Cuban people backed Castro. (If that is so, why have half a million Cubans fled their island?) He claimed great popular enthusiasm for Castro wherever he went - that no secret police bothered him as he freely traveled the island. (Naturally, he is a fellow-traveling COMMUNIST.)

Dellinger told how the people were willing to sacrifice in order to help Castro build his "Socialist Revolution." He said that people were willing to take 50% cuts in pay, because they "loved Castro so." I was surprised that the fuzzy minded liberal audience actually believed such outright lies. Even the Soviet Union has now proclaimed that the "profit motive" is the only way they can get people to work.

MIXED SCHOOLS WILL LEAD TO MIXED MARRIAGES

He further stated that all schools in Cuba has been integrated and that inter-racial marriage was a common sight in the Socialist, classless society of Cuba. As an after thought he added that contrary to public opinion in America, mixed schools will definitely lead to mixed marriages.

Dellinger tried to explain away the fact that there are no elections in Cuba. He said that the people did not want elections because everyone was for Castro. Communists turn everything upside down to explain away raw dictatorship, black is white and white is black. Why are there no labor strikes in Cuba - because the workers love the revolution so, no one would think of striking and hold back the advance of communism. On and on the communist goes to explain why the Cuban people like "total slavery."

Some student Conscientious Objectors asked Castro had introduced a draft in Cuba -- the answer was rather tricky, and Dellinger looked quite uncomfortable trying to answer this one. He explained that Castro was against the Draft, but was forced by America to forcibly build up his armed forces to counter American backing of Cuban Freedom Fighters. He says that the way to get Castro to abandon his draft is to have America make peace with Castro and give up our partial blockade of the island. (The Communists again avoid a controversial question by putting the shoe on the other foot.)

He blamed America for all of Cuba's problems, such as shortages, rationing, unemployment, etc. He claimed that the rich were evicted from their mansions and the poor were allowed to move in and live rent free, etc.,

etc. He claimed crime was nonexistent due to the 'glories of the revolution,' and that the state was stressing Liberal Education, and that memory work was abolished in schools. Tests and examinations had been abolished. Plays, movies, liberal arts were stressed.

When the left-wing meeting ended, David Dellinger was given heavy applause. I stood up to leave, a bit dizzy from the red doubletalk I had heard. But, I had learned first hand how dangerous internal subversion was in America. How obvious lies were being swallowed by our young people and they are being woven into the web of Communist treason.

I was impressed with the stress the reds placed on the Youth, we must re-double our efforts to win young Americans to the Patriotic American Right. Reds are working day and night to undermine our freedoms, we must expose their lies and give the truth to the people of America. We must remain alert to internal Communism, and strike it down wherever it shows its ugly head.

405,607 votes. This was a lead of 71,460 votes over L.B.J. Most thought the race was over and the Associated press commented that, "Barring a miracle, Gov. Stevenson will be the next Senator."

Harry Truman, who was running his toughest race against Gov. Dewey, desperately needed a friend on the Nov. ballot to help him carry Texas. Truman's Democratic Party was split by the States Rights Party bolt on the right running Strom Thurmond for President, and the Progressive Party on the Left running Henry Wallace for President. Suddenly the money began to flow into Texas. Johnson named John Connally (present Gov. of Texas) as his campaign manager.

As the run-off votes started rolling in, it was easy to see that bales of money had been spent in the Southeast counties, dominated by the Mexican minority bloc vote. The free beer was flowing like rivers and the fiestas were swirling around the clock. In Bexar County (San Antonio) where Johnson lost by 12,000 votes in July, he now had a 2,000 vote majority!

LYNDON JOHNSON: Johnson's political gang was still hard at work - getting out the "graveyard vote." Johnson startled the state by taking to the radio and announcing "victory." What did Johnson know that no one else knew?

THE SECRET OF BALLOT BOX 13

AFTER some recheck tabulations in Johnson controlled counties, the Gov. Stevenson lead was cut to some 213 votes. Yet L.B.J. continued to maintain he was the winner of the election - THEN CAME THE BIG SURPRISE. A Mexican presiding election judge in Jim Wells County (one of the 5 counties run by convicted embezzler George Parr reported an oversight in his counting, (which originally reported the vote in his Box 13 as 768 for Johnson to 60 votes for Gov. Stevenson.)

Now he stated that the correct count was 967 for Johnson to 61 votes for Gov. Stevenson which made Johnson the winner by 87 votes! THE MOST FANTASTIC NEWS OF ALL WAS THAT THIS BOX 13 HAD BEEN ISSUED ONLY 1600 VOTING BALLOTS IN THE

amazed to note that at the end of the long list of those who had voted (written in black ink) was an additional 200 or more names written IN ALPHABETICAL ORDER IN GREEN INK!

The men quickly memorized about 15 of the names. They made a quick check of the names, only 3 were easy to find, they were in the grave yard, the rest had moved away from the county long ago. The Secy. for the County Democratic Committee refused to allow any further study of the names and locked them back in the bank vault. This so-called Secy. was Tom Donald, an employee in the Parr Bank. Additional checking discovered that one of the so-called Johnson voters, added to the list in green ink was Hector Serda, who was located attending school at Kingsville. He denied having been in Alice county on election day. Another one, Enriqueta Acres, a young housewife denied having voted and said she was not even qualified. The search failed to yield a single name on the list who had actually voted!

The County Democratic Executive Committee called a meet-

Where did Lyndon Johnson come from? Where did he first get his start in politics? These are "must" questions in evaluating the character, honesty, and reliability of today's President of the U.S.A. His march to power began back in Texas in 1948 when he ran for the U. S. Senate against three time former Gov. Coke Stevenson. There was a field of 5 candidates, and Gov. Stevenson won the July 24 primary, but was forced into an Aug. 28 run-off with Lyndon Johnson. And Right-Wing conservative Stevenson received 477,077 votes to Left-Wing Liberal Johnson's

The political gangster George Parr controlled 5 counties and delivered to Lyndon Johnson the fantastic majority of 10,547 to 368 votes for Gov. Stevenson. Despite all this, the White areas of Texas went for the highly respected Gov. Stevenson. Early returning had him 6,000 votes ahead of L.B.J. But the Mexican dominated area cut this lead to a thin 600 votes later that night.

At the end of the vote counting the Texas Election Bureau announced that Gov. Stevenson had beaten Lyndon Johnson by some 250 votes. Everyone thought the election was over BUT NOT

FIRST PLACE! JOHNSON WAS STEALING THE ELECTION! STEVENSON RUSHES TO INVESTIGATE

Gov. Stevenson immediately went to investigate Box 13. He knew that the lawless forces in gun-totin brush country of Southeast Texas would be out in force. Gov. Stevenson took with him Texas Ranger Capt. Frank Hamer and two newly elected County Democratic Executive Committee men, Harry Adams and H. L. Poole. The votes had been locked up in the local bank owned by none other than the notorious George Parr. The men were

ing to throw out all the votes in Box 13, which would make Gov. Stevenson the winner by some 900 votes. But, just as the committee was meeting to take this very action, the Lyndon Johnson forces moved in and presented the Committee with a Court Injunction issued only that morning by Judge Roy Archer (a Johnson co-hort) forbidding them from throwing out the phoney votes in Box 13.

The committee, made up of Chairman Harry Adams and Secy. H. L. Poole, were served with the court order by the PRESENT Texas Governor, John Connally.

Gov. Stevenson then appealed to the Federal Courts. After showing the overwhelming evidence of vote fraud to District Judge T. Whitfield Davidson, he immediately issued an order forbidding the Texas Secy. of State, Paul Brown, from printing Lyndon Johnson's name on the November General Election ballot. He issued the following tongue-lashing to Lyndon Johnson:

Low and behold, everyone connected with precinct Box 13 fled the state of Texas. Election Judge Luis Salas of Box 13 went to Calif., with Tom Donald (who locked Box 13 in the George Parr Bank.) Others went into hiding in Mexico. WHEN BOX 13 WAS OPENED, THE VOTES WERE GONE AND ONLY STRIPS OF NEWSPAPERS WERE FOUND?

This is the story of a man who cooperated with gangsters like the notorious George Parr. (Harry Truman later rewarded Parr with an executive pardon for a federal tax conviction case, but Parr has subsequently been convicted of a number of other charges, such as more tax evasion, mail fraud and embezzlement.) Thus we find Lyndon, a ballot box stuffer, a conspiring fake and vote robber. God save America from a man who would go to the lengths that Johnson has gone in his naked grab for power.

Also, this is a warning of the dangerous racket, known as 'patronage' that hands out the 'gray' to those who deliver, who do the dirty work that keeps the organization in line. Johns Stopped Search For Fraud in Box 13

LYNDON B. JOHNSON
VS.
COKE R. STEVENSON,
ET AL.

IN THE DISTRICT COURT OF

COUNTY, TEXAS

Jim Wells
12th Judicial District
74th

NOW COMES Lyndon B. Johnson, who resides in Blanco County, Texas, complaining of Coke R. Stevenson, who resides in Kimble County, Texas, Frank Hamer, who resides in Travis County, Texas, Kellis Dibrell, who resides in Bexar County, Texas, H. L. Adams, Chairman of the Democratic Executive Committee of Jim Wells County, H. L. Poole, secretary of said Jim Wells County committee and (here follows names of 18 individual members of Committee). Plaintiff is a resident citizen of the State of Texas, and duly qualified to hold the office of United States Senator. . . . At Second Democratic primary held August 28, 1948 . . . plaintiff received a majority of the votes . . . we would show that the defendants have entered into a conspiracy for the purpose of causing the votes in Precinct No. 13 in Jim Wells County to be thrown out on the grounds of fraud and irregularity . . . thus taking from plaintiff sufficient votes to change results of election and deprive plaintiff of his seat in the United States Senate . . .

Plaintiff would show said county committee has no authority or jurisdiction to hear or determine an election contest of any kind, or to hear and pass judgment on charges of illegality or irregularity of any nature . . . but, unless restrained by an order of this Honorable court, said defendants will effect such unlawful conspiracy . . .

Plaintiff further alleges that defendants Adams and Poole, acting under threats and intimidation of defendant Stevenson, and in furtherance of said conspiracy, called a secret meeting in a private residence and declared fraudulent the returns in Precinct No. 13 . . . and best information Plaintiff has is that defendant Adams will call another meeting of said committee at any instant, unless restrained, and make a new tabulation . . .

The resident judge of Jim Wells County, resides at Alice, but he cannot be reached in sufficient time to effectuate the purpose of the writ sought in the foregoing and attached petition . . . and the urgency is such that the defendants may, and likely will, according to affiant's best information, do acts sought to be restrained before petition can be presented to resident judge . . .

WHEREFORE, plaintiff prays this court to issue its temporary restraining order without notice, enjoining defendants, and each of them from making any new tabulation, or attempting to canvass the votes in Precinct No. 13, or hearing any contest, or eliminating any votes on grounds of illegality, fraud . . . and from making, sending or filing with State Democratic Executive committee any returns showing results other than shown heretofore . . .

OATH NOTARIZED SEPT. 10, 1948

I am the person named as plaintiff in the foregoing petition for injunction and temporary restraining order. I am familiar with the facts alleged in said petition, and the facts alleged therein are true.

Lyndon B. Johnson

Above was heard in chambers at Austin on above date by Judge Roy Archer, and injunction granted without notice.
